Courtney Plane Crew Is Saved By Ocean Liner

Machine Carrying Four Men Picked Up by Ss. Minnewaska After Drifting on Atlantic for Day; Crew of Seaplane Was Attempting to Fly From Azores to Newfoundland When Forced Down

New York, Aug. 2.—A radio message received here from the steamship Columbus to-night said the steamship Minnewaksa had found the Courtney seaplane at 42.27 north latitude and 39.05 west longitude. The plane, which left the Azores yesterday with four men aboard, had been adrift since it had been forced down.

Captain Frank T. Courtney, British aviator, and E. B. Hosmer of Montreal and two other companions last night and to-day drifted at midatlantic in the Dornier-Napier flying boat in which they took off from Horta, Azores, yesterday afternoon for Newfoundland. Several liners had turned from their courses and were speeding to the aviators' aid.

The crew of the flying boat had obtained the use of its radio, with which the men first made known their predicament and with which they guided their rescuers.

The plane, piloted by Captain Courtney, left the Azores at 10.55 a.m. yesterday, Victoria time, for Newfoundland, on the way to New York.

A radio message to-day, relayed by Cape Race, Nfld., indicated the United States liner President Hayes might be the first of the searching ships to reach the stricken plane.

The liner Cedric, which to-day was reported as within 100 miles of where the craft was forced down, yesterday had reported she was about midway across the 1,800 miles which the Courtney crew was attempting to fly.

The Cedric apparently was the nearest of the ships when the radio call came.

The liner Celtic was also proceeding to the rescue to-day.

The liner Columbus had left her westbound course to speed in search of the Courtney seaplane.

CALLS RELAYED

The Swedish steamship Gripsholm, which was in direct communication with the Courtney party, and the liner Berengaria were relaying the calls for help, but it did not appear from their messages whether they also were proceeding toward the plane.

In the first message was sent, Captain Courtney figured the plane had been flying 14 hours and 35 minutes. He had expected to maintain a speed of 100 miles which would have brought the plane at the hour it was forced down to within 400 miles of the fliers' goal. The position given in the radio messages, however, indicated the plane was at least 100 miles farther from land. It was apparent the winds had cut down the plane's speed.

INVESTIGATES AT SCENE OF CANAL MISHAP

Ottawa Sends Engineer to Inquire Into Welland Waterway Tragedy

St. Catharines, Ont., Aug. 2.—The death list in yesterday's disaster at Lock No. 6 of the Welland Ship Canal remained at eight to-day, although the condition of two of the injured men was very serious and little hope was held for their recovery. The other eleven still in hospital suffered more or less serious injuries, but will recover.

Probably the most seriously injured is Leo Bion of Sherbrooke, Quebec, a bolter, who was on the great steel gate when it fell. He is suffering from fractures of the skull.

Alex Wilson of St. Catharines, a riveter, has a fracture of the skull and his body is crushed.

WILL INVESTIGATE

C. W. Sherwood, engineer of the department of railways and canals, arrived at Thorold from Ottawa this morning with a commission to investigate the accident. He visited the scene to-day, conferring with the local engineers, and questioned some of the under-officials.

He would give no indication as to what course his investigation would take, but said it would be thorough. He will remain here for the inquest next Tuesday night.

TORAL DECLARED GROUP MEMBER

Attorney-General of Mexico Says Obregon's Slayer One of Organization

Mexico City, Aug. 2.—Attorney-General Correa Nieto, in a statement issued to-day, asserted that Jose de Leon Toral, who murdered General Alvaro Obregon, belonged to an organization headed by the Abbess Maria Concepcion Acebado de la Lata.

The Attorney-General, who is supervising the preliminary judicial examination into the slaying of the President-elect of Mexico, issued this statement:

"I am convinced this group of individuals who directly or indirectly participated in the murder of General Obregon belongs to a terrorist organization headed by none other than the Abbess Maria Concepcion, who is an intelligent woman and has been trying to mislead justice

FIND DEAD MAN ON VACANT LOT

Vancouver, Aug. 2.—The body of F. C. MacGuire was found on a vacant lot here to-day with a number of empty tins which had contained solidified alcohol beside it. A man who was found helpless on the same lot could not give MacGuire's late address. The other man was John McDonald, who said he had come here from Winnipeg two days ago.

AUTOIST LEAPS ON LOCOMOTIVE AND SAVES HIS LIFE

St. Thomas, Ont., Aug. 2—S. F. Brown saw he could not manoeuvre his automobile out of the path of an oncoming train so he opened the door of his car and waited the appoarch of the thundering engine. When the latter was nearly on top of him Brown jumped to the engine's cowcatcher and watched his automobile smashed to fragments. After the train had been brought to a stop the quick-thinking Brown stepped off the catcher unhurt.

Imperial Potentate Greeted By Shriners On Arrival In City

Left—Past Potentate C. A. Welsh, of New Westminster; centre, Imperial Potentate Frank Jones, of Houston, Texas; right, Potentate D. D. Munro, of Gizeh Temple. Frank Jones, Imperial Potentate of the Knights of the Mystic Shrine, after being entertained by local Shriners, left by the afternoon boat to-day for Seattle, accompanied by Hugh M. Caldwell, Potentate of Nile Temple. Last night he was the guest of the Red Cross of Constantine.

EASTERN PARTY ARRIVED TO-DAY

The Toronto "Cross-Canada" tour, consisting of 150 persons headed by Dean Sinclair Laird, of Macdonald College, which arrived in Vancouver on a special Canadian Pacific Railway train on Wednesday, left for Victoria this morning to spend two days in this city.

The greater part of the visitors' time in Victoria will be spent in sight-seeing and it is probable that arrangements will be made to have the Easterners meet members of the Government and Mayor J. Carl Pendray to-morrow night. No particular programme has been arranged for this evening, the party being left free to enjoy the attractions of the Island city.

The party will return to Vancouver by Friday night's boat and their C.P.R. special will leave for Lake Louise and the further easterly journey on Saturday evening.

FARMERS LOSE GRAIN

Lethbridge, Alta., Aug. 2.—Hailstorms on four consecutive days, Saturday, Sunday, Monday and Tuesday, damaged growing grain in districts at the southern end of the Macleod and Aldersyde branches of the C.P.R. and on the Kipp and Tabor districts. The total loss is estimated at about five per cent of the southern Alberta total.

MRS. FIELDING DIES IN OTTAWA

Wife of Former Finance Minister of Canada Widely Known in Dominion

Ottawa, Aug. 2.—Mrs. Hester Fielding, wife of Right Hon. W. S. Fielding, former Minister of Finance of Canada, and one of the capital's most distinguished women in social and philanthropic circles, died at the family residence here last night. She had been failing in health for nearly four years, and had been almost entirely confined to her home throughout that period. She was soon to have celebrated her eightieth birthday.

Since Mr. Fielding first came to Ottawa as Finance Minister in the Laurier Government in 1896 Mrs. Fielding had been closely identified with the life of this city. Through the long and outstanding career of her husband Mrs. Fielding proved a real helpmate in the arduous duties which they were both called upon to meet in public life. She accompanied Mr. Fielding on several trips to Great Britain for govern-

TWO GROUPS PREPARE FOR SOUTH POLE EXPEDITIONS

Cincinnati, Aug. 2. — Commander Douglas G. Jeffrey, noted English polar explorer, plans to set out from New York not later than October 1 on his next expedition to the South Pole, according to an announcement he made here to-day.

Commander Jeffrey, who is en route to the Pacific Coast, stopped here to visit friends.

Although a flight across the South Pole is planned, the expedition will aim chiefly to explore and conduct scientific investigations, according to the leader. Scientists who will accompany the party will study weather conditions in an effort to find means of predicting storms and other disturbances several weeks in advance.

Commander Jeffrey plans to establish a base for a year's operation in Graham Land, the section of the South Pole region nearest Cape Horn. Three or four aeroplanes will be taken to the base and section houses will provide shelter for the thirty men who will constitute the expedition.

WILL USE SKIS

Two steamers will carry the expedition from New York to Graham Land, where aeroplanes equipped with skis will be used for most of the exploration work.

The flight across the Pole probably will be made from a sub-base on Weddell Sea, Commander Jeffrey says. The possible existence of important mineral products which could be exploited will be investigated and a thorough survey of whaling and sealing possibilities will be undertaken.

Commander Jeffrey says he and Commander Byrd will aid each other in weather observations and probably will be in constant communication by radio.

BYRD EXPEDITION

New York, Aug. 2.—Commander Richard E. Byrd has added a staunch vessel of 800 tons carrying capacity to the equipment for his South Pole dash. The ship will carry his air fleet and tons of supplies which could not be loaded in the icebreaker Sampson.

The new vessel, now named Chelsea, cost the commander $34,000, he says.

Contributions to his expedition have reached $193,000, he states, and $425,000 worth of supplies have been contributed, but the fund still requires $250,000 in cash.

MUCH TOBACCO NEEDED

Commander Byrd says he has included among the supplies he will take into the Antarctic a ton of tobacco, a battery of ice cream freezers, a xylophone, because that is one of the few musical instruments that can be played with gloves on, 500,000 cigarettes, a crate of pipes, 100 decks of playing cards, a great store of candy and chewing gum and devices for producing artificial sunlight and ultra-violet rays.

Soldier Killed In Tacoma Crash

Tacoma, Aug. 2.—Sergeant Pedford of the quartermaster division at Fort Lewis was almost instantly killed and Private Herbert Evans of the same division had an eye cut and ribs fractured when the car they were driving hurtled head on into a street car here last night.

Investigating officers said the car was declared to have been traveling at fifty miles an hour when it plunged into the rear of the street car while the motorman was throwing the switch.

SENTENCE UPON BOYS DEFERRED

Vancouver, Aug. 2.—Sentence was deferred by Judge Grant in county court here to-day on Percy Prith and William Adie, both of Drumheller, Alta., who pleaded guilty to stealing an automobile. They asked for suspended sentence, but this the judge would not grant. He agreed to remand the boys for a week on the understanding the parents would appear on behalf of their sons.

RAILWAY LAND NEGOTIATIONS POSTPONED

Tolmie Government to Handle Transfer of Areas to Provincial Control

Stewart Puts Off Action Pending Change; Parks Programme Involved

Negotiations covering the return of the Railway Belt and the Peace River Block to provincial control will be left entirely with the new Tolmie Government, it was announced at the Parliaments Buildings to-day after Hon. Charles Stewart, Minister of the Interior, had conferred with Premier MacLean yesterday.

In view of the change of government which will take place here on August 21 or 22, Mr. Stewart decided not to take up the land transfer with Dr. MacLean, postponing discussion until Hon. S. F. Tolmie is sworn in as Premier.

MUST REACH AGREEMENT

One of the first tasks confronting the new Government, therefore, will be to negotiate an agreement under which the lands will be returnd to the Province. The principle of returning them has been agreed upon but there are several points still outstanding. Chief among these are adequate protection for Indians living within the areas involved, and the provision of adequate park areas. These things were to have been settled at a conference between the Federal and Provincial Governments immediately after the prorogation of Parliament but because of the provincial election cam-

Japanese Occupy Shantung City

New York, Aug. 2—A cable message to Dr. Frank W. Lee, representative of the Chinese National Government in the United States, from his government, says Japanese troops stationed along the Shantung Railway zone forcibly occupied the city of Kao Mishien and seized the civil administration there.

B.C. ELECTRIC EMPLOYEE DIES

Vancouver, Aug. 2.—George William Ross, for sixteen years station master at the British Columbia Electric Railway Company's main depot here, died to-day. Mr. Ross suffered from sleeping sickness two years ago. Death apparently was due to hemorrhage of the brain.

TELLS OF AID TO INDUSTRIES

Hon. Charles Stewart Addresses Vancouver Board of Trade Luncheon

Vancouver, Aug. 2.—Hon. Charles Stewart, Minister of the Interior, guest of the council of the Vancouver Board of Trade at a luncheon, spoke at length on the work and policy of the Federal Department of the Interior regarding industrial surveys and general assistance to Canadian industrial development.

The natural resources intelligence service, the Minister explained, had been continuously identified in a large way with furthering the development of public lands, water power, forest, mineral and other resources. Its specific duties were to act as a central bureau of information on the different works of Canadian industries and tourist developments, he declared.

Mr. Stewart said his department had no desire to impose its views with respect to the making of industrial surveys, but it had first-hand experience in the field and was prepared to extend its support and aid, in an advisory and co-operative way to organizations.

BANK CLEARINGS STEADILY CLIMB

For the last few weeks Victoria bank clearings have shown a consistent tendency to climb over last year's figures for the corresponding periods, and although the total for the week ending August 2 was not so proportionately high in advance, still it was well ahead of 1927. The Victoria Clearing House announced this morning that this week's figure was $2,402,061, as against $2,318,441 for last year.

Missing Yacht Reaches Spain

Santander, Spain, Aug. 2.—The United States schooner Azara, missing contender in the transatlantic yacht race for the King Alfonso Cup, is safe off the Spanish coast and making her way slowly to this port. All on board are well.

North Vancouver Man is Missing

North Vancouver, June 2—Harry R. Neale, former chief of police here, went fishing yesterday and has not been seen since. His automobile was found near the Moodyville log boom and it is feared he may have slipped into the water and drowned.

Police Searching For Winnipeg Robbers Take Three Men In N. Dakota

Grand Forks, N.D., Aug. 2—Three men suspected of being implicated in the $25,000 robbery of two bank messengers in Winnipeg last Monday were arrested and lodged in jail here, pending the arrival of Canadian police or immigration authorities, called to identify them.

Acting on a tip received at midnight, Nelson County officials spied the men early to-day on the farm of William McMahon, about four miles southwest of Off, North Dakota. All three claim to be laborers.

FAILED TO ESCAPE

Effects found on the men show them to be Jim Thompson, William Soucci and Thor Sevaldson. The latter two, sleeping in a bunkhouse on the farm, offered no resistance. Thompson attempted to escape, but was captured.

Thompson is wanted by Grand Forks authorities on a liquor law warrant.

PREMIER KING TO SAIL AUG. 18

Will Sign Kellogg Anti-war Pact at Paris on Behalf of Canada

Ottawa, Aug. 2.—Even though his prairie tour has been curtailed, Premier King will have only a few days in Ottawa after his return from Prince Albert before he leaves for Paris and Geneva.

It is expected the Prime Minister will sail aboard the liner Mont Laurier August 18 and reach Paris in time to sign the Kellogg anti-war treaty with the representatives of thirteen other nations.

From Paris Premier King is to go to Geneva to represent Canada at the sessions of the League of Nations.

WILL DELIVER ADDRESSES

Mr. King's schedule for his brief prairie trip calls for only two and a half days in Prince Albert. He will leave Ottawa to-morrow night and will speak at Brandon, Manitoba, on Monday, August 6 and at Davidson, Sask., August 7. He will arrive in Prince Albert August 8 and leave there August 11. He is expected back in Ottawa August 13.

Premier King represents the constituency of Prince Albert in the House of Commons.

THOMAS H. BEST, TORONTO, DIES

Founder of Canadian Magazine Passes; Was Well Known in Publishing Field

Toronto, Aug. 2—Thomas Henry Best, founder of The Canadian Magazine and the T. H. Best Printing Company, died here yesterday.

Thomas Henry Best was born April 17, 1850, at Port Hope, Ont., son of Mr. and Mrs. John Best, who were natives of Armagh County, Ireland. He was educated at Port Hope and in August, 1876, married Miss Clara M. Wiggins of Collingwood, Ontario. He lived for years in Collingwood, being for a time a member of the town council and for another period a member of the school board.

Moving to Toronto, he became identified with the Ontario Publishing Company, of which he was managing director. He was noted for his work in the publishing field, his chief fame resting on his founding of The Canadian Magazine. He actively identified himself

Quarter-milers Travel Speedily In Olympic Tests

Three of Quartette From Canada Qualify for Semi-finals at Amsterdam To-morrow, With Phil Edwards Looming as Best Bet; Joe Wright of Toronto Romps Off With His First Heat in Single Sculls, While Canadian Crew Captures Eight-oared Preliminary; German Girl Wins Finals of 800 Metres; Records Fall

Amsterdam, Aug. 2.—Canada's 400-metre runners made a fine showing in the first and second trials of the event at the Olympic Games to-day, and as a result three Canadians will be among the twelve runners in the semi-finals to-morrow—Phil Edwards, of the Hamilton Olympic Club, James Ball of Winnipeg and W. A. Wilson of Montreal.

Edwards easily won both his first and second trials in 49 4-5 and 49 1-5 seconds, respectively, winning the second by three yards from Broos of Holland.

Ball easily qualified for the semi-finals, winning both his trials and running the second in 49 2-5 seconds.

Wilson ran second in both his heats, but forced Ray Barbuti, United States, to the fast time of 48 4-5 to defeat him in the second trial.

F. W. Macbeth, Hamilton, after winning his first heat easily, ran up against a classy field in the second trials and was eliminated.

BURST OF SPEED

In his first heat Edwards finished strong. After two false starts he took a lead of thirty feet at the half-way mark and increased it later, but dropped back on the stretch. A fine burst of speed put him in front at the tape.

In the second preliminary, James Ball of Winnipeg was awarded first place after a close finish, Leigh Wood of Britain getting second. Ball loafed through the first heat and, spurting at the finish, came in practically with Wood.

WILSON'S PERFORMANCE

W. A. Wilson of Montreal qualified by taking an easy second in his heat, making practically no effort to extend himself. He trailed his three opponents until near the finish, when he easily moved up to second place.

F. W. Macbeth, of Hamilton, the fourth Canadian 400 metres runner, also was a good second in his heat. After a false start Macbeth got away fast and went into a lead, which he held easily for most of the distance. He was coming strong at the finish when an opponent surged in front and the Canadian finished second.

Amsterdam, Aug. 2—Joe Wright of the Toronto Argonauts, Canada's Olympic single sculls, had little difficulty in winning his first heat in that event again D. H. Gunterby, Holland's entrant, to-day. Wright's time for the 2,000 metres was 7 minutes 55 seconds, the same as that of Pearse of Australia, who also won his heat.

NEW POTATO RULES URGED

Delta, Surrey and Langley Growers Say B.C. Marketing Regulations Faulty

Ladner, B.C., Aug. 2—Dissatisfaction with the British Columbia Potato Marketing Act was expressed at a meeting here last night, attended by 300 people, comprising farmers, wholesalers and lawyers. Some proposals were made to have the act scrapped, but the majority was against summary action. A committee of three was appointed, representing Surrey, Langley and Delta, to confer with the Mainland Potato Board of Direction "with a view to bringing about a more satisfactory administration of the act."

C. W. Craig, K.C., who had been invited to explain the act, outlined the steps which would have to be taken by any persons wishing to have the act repealed. Such an action probably would go as far as the Judicial Committee of the Privy Council in London, he said.

Colonel A. W. McLellan of Surrey criticized the Committee of direction on grounds of inefficiency.

Thomas Scott, Vancouver wholesaler, urged the farmers to give the act a longer trial, as did A. Littlehills, A. Brenchley and W. Clarke, wholesalers.

H. S. Woods, counsel for the nine Delta Chinese whose recent convictions under the act were quashed in the Supreme Court this week, explained that result had prevented the Chinese from testing the validity of the act. The Chinese farmers, he said, were dissatisfied with the administration of the act rather than with the act itself.

Goodwood Cup Won By Kinchinjinga

Goodwood, Eng., Aug. 2.—H. Sutton's Kinchinjinga, by Juggernaut Maid of the Mountains, won the Goodwood Cup to-day.

M. J. Wittouch's Boys' Josselyn was second and the Aga Khan's Dark Japan was third. Seven ran.

Kinchin Jinga won by a half length and there was a full length between the second and third horses.

The bettering was 40-1, 7-1 and 8-1. The stakes were £1,000, with extras, and the distance was two miles and five furlongs.

CANADA'S FLAG CLIMBS AGAIN

Dominion's Olympic Wrestlers Win Honors at Amsterdam; Are Given Tribute

Amsterdam, Aug. 2 (By Canadian Press Staff Correspondent)—By 3.40 this afternoon the Canadian flag had mounted the Olympic Games pole three times in honor of the achievements of James Trifunov of Regina, and D. P. Stockton and Morris Letchford, of Montreal in the Olympic wrestling events.

Stockton got second place in the 174-pound class and Trifunov and Letchford thirds in the 123 and 158-pound classes, respectively.

Twice before this week the Canadian flag mounted in honor of the sprint victories of Percy Williams of Vancouver.

The spectators are beginning to give the old hockey cheers made familiar to sportsmen by Canadian victories at Chamonix and St. Moritz.

Canada Meets U.S. Lacrosse Team Sunday

Amsterdam, Aug. 2—The draw for the Olympic lacrosse competition was definitely decided to-day by the tossing of a coin. The draw pits Canada, represented by the Salmonbellies of New Westminster, B.C., against the Johns Hopkins University team, representing the United States, on Sunday. Canada and the United States then tossed to see which would get the Monday lay-off and Canada won. Therefore the United States will play England on Monday and Canada and England will meet in the final match on Tuesday.

1,500 ATTEND BIG REGATTA

Albert Russell Wins Norris Cup From Alan Pendray at Cordova Bay

Leading his nearest contender by two lengths, Albert Russell won the Norris Cup race, the feature event of the aquatic programme at the Cordova Bay thirteenth annual regatta held yesterday.

Alan Pendray won the Mizuno and Kakuno Cup, emblematic of the Cordova Bay single-paddle canoe championship, for the third time in succession, and by virtue of his victory is entitled to keep the trophy. Harry Dee came second in this race.

The McMorran Cup for the ladies' single-paddle canoe race was retained by Dorothy Clark, last year's winner, who was across the finishing line a length ahead of Ruby Bethell.

Other features of the day were the mixed four-paddle canoe race won by Phyllis Pendray, Dorothy Clarke, Alan Pendray, R. Cummings and Phyllis Pendray (cox), the mixed doubles and the speed boat races.

Although a strong breeze made it very difficult for the competitors to handle their canoes, the programme was enjoyed by the 1,500 people who lined the beach.

Preceding the water sports, a programme of track and field events was run off on shore. The races were exceedingly well contested, and many close finishes furnished thrills for the spectators.

The officials in charge of the regatta were:

Honorary president, Dr. C. F. Eagles; president, I. M. Nodek; vice-president, F. Doherty; treasurer, J. Rose; secretary, G. W. Russell.

COMMITTEES

CROATS OPPOSE BELGRADE RULE

Jugoslavia May Become Dual Kingdom Like Old Austria-Hungary

Belgrade, Jugoslavia, Aug. 2—Two parliamentary bodies met in Jugoslavia yesterday—the National Assembly in Belgrade and the other at Zagreb, capital of Croatia—again bringing up the possibility that the triune kingdom created in 1918 may evolve into a dual kingdom patterned after the late Austro-Hungarian Empire.

While the National Assembly was meeting at Belgrade with nearly all of the opposition members absent, members of the Parliament elected for Crotia met in the old Crotian building in Zagreb for the first time since the union of the triune kingdom ten years ago.

POSITION OF CROATS

The meeting of the Croatian Parliament developed into a popular demonstration in favor of a free Croatia and the Parliament adopted a series of resolutions refusing to recognize any decisions or financial obligations undertaken by the "rump" Parliament at Belgrade. The resolutions also claimed full individuality for each of the provinces united in 1918 and full autonomy for the Croatian people.

The meeting at Belgrade was the first session of the National Assembly since the shootings of June 20, when a Government deputy in the midst of heated debate, opened fire on the Croatian deputies present. Stefan Raditch, leader of the Croatian Peasant Party, was seriously wounded and his nephew, Paul Raditch, was killed in trying to shield him. Deputy Basaritchek, another Croatian, also was killed.

ELECTION DEMAND REFUSED

Since that episode the Croatians have refused to return to Belgrade. Their first demand was that Parliament should be dissolved and a general election held, but this was refused and the Croats have remained at their capital, Zagreb.

The session at Belgrade yesterday passed off quietly. The members who attended were dressed in black, as were also the Cabinet members.

Dr. Ninko Peritch delivered a speech in honor of the two murdered Croatians, to whom he referred as "valuable comrades."

Dr. Peritch said that, like all the country, the Government condemned the assassination and calmly awaited the judgment of the courts.

CANADIAN NET CHAMPS WIN

Wilmer Allison and Miss Gladman Victors, Latter Springing Surprise

Seabright, N.J., Aug. 2. — Wilmer Allison, Austin, Texas, recent winner of the Canadian and Longwood bowl titles, won in three hard fought sets from Julius Seligson, national intercollegiate and metropolitan clay and grass court champion, in the third round of the Seabright invitation, 6-8, 6-3, 6-4.

In the first set Allison lost the first two games, then led at 5-2 and lost 6-8 after a series of base line driving duels in which Seligson excelled.

WIN FOR MARJORIE

Miss Marjorie Gladman, Santa Monica, Calif., scored an upset by defeating Mrs. A. H. Chapin, formerly Miss Charlotte Hosmer of California, but now of Springfield, Mass., in straight sets, 6-3, 6-2. Miss Gladman is national girl champion and Canadian senior titleholders. She is sixteen. Mrs. Chapin ranks No. 3 nationally and Miss Gladman No. 12.

Miss Helen Jacobs, Santa Barbara, Calif., won from Miss Edith Cross, San Francisco, only after dropping the second set and having to call upon all her reserve in the third session to score at 6-3, 3-6, 7-5.

John Van Ryn, East Orange, N.J., breezed through a match with Alan Herrington, intercollegiate doubles champion, 6-1, 6-4.

Mrs. Chapin and Miss Gladman and Miss Alice Francis, East Orange, and Miss Marjorie Morrill, Dedham, Mass., won their way into the finals of the women's doubles event. The first team won from Miss Virginia Rive, Boston, and Miss Evelyn Parsons, Palo Alto, Calif., 6-3, 10-8, while the second pair defeated Miss Rosamond Newton, Boston, and Mrs. George Bodman, Seabright, 6-2, 6-4.

Veterans won and lost in the men's doubles. Dr. George King and Watson Washburn, both of New York, took two straight sets from the promising pair, Julius Seligson, New York, and Gregory Mangin, Newark, N.J., 8-6, 6-4, while Karl Bohr and Dean Mathey, both of New York, succumbed to John Van Ryn and Wilmer Allison to gain the semi-finals.

MARYE AND "MOM" Their Letters

Dear Mom:

As a mannequin, I wouldn't be worth very much to-day—I have the most dazzling coat of sunburn you have ever seen. I positively radiate crimson rays.

Yesterday was one of those innocuous appearing days, when there was not much sun, so Helen and I spent nearly all day on the beach, enjoying the salt breezes, and feeling rather kindly disposed toward the world generally.

In the evening I began to feel a bit uncomfortable, and by midnight I realized that I must have burned off at least four layers of my outer epidermis.

To-day, I burst out in this flame colored splendor, and I must say I am a bit hard to look at. I'll have one of those gorgeous sunkissed tans in a day or two, and I really fancy myself with a brown finish, but to-day, I am no delight to the eye or to myself.

Brother Shelton gave one look at me and fled. He said he could not bear me that way, that I had wrecked all his illusions—he really is a terrible sentimentalist. I pointed out that I had wrecked my own comfort for a while, but that meant nothing to him. He really believes a woman has no right to be comfortable unless she can be decorative in so doing.

Helen, who has been out here for several weeks, and who has no tendency to burn or tan anyhow, of course, has the advantage over me now, for I must say she looks more like a man's ideal of womanhood than I do. But I know my type, and in a few days, all will be well.

Helen may be heartbroken, and suffering for her late lamented lover, but I must say that she manages to find consolation now and then, and her sweet, confiding ways with my husband may get on my nerves in time.

You see, being married to a hard boiled woman such as I am, who bursts into strong language rather than tears at times of stress and strain, and who does her weeping in solitary confinement, Alan falls pretty hard for this heartbreak racket. And how he loves to give advice, and be the big, strong man to this delicate little clinging vine. And how I do see through every move! And yet I must say, that I like a good performance, even at my own expense.

If Helen starts to vamp my husband, I mean, if she continues to, I may have a problem on my hands that I didn't create. I trust she doesn't make it necessary for me to step in and protect my own—for I really like her, and I don't want to be any more severe with her than I have to.

Your antique expeditions sound very interesting. If you run across any odd pewter pieces, pick them up for me.

Loads of love,

MARYE.

OFFICERS CHOSEN BY NATIVE SONS

Canada-wide Organization Names Victorians Among Its Leaders

Regina, Aug. 2.—Dr. J. H. Cotten of Toronto was elected president of the National Council of the Native Sons of Canada at the closing session of the annual meeting here yesterday. This is the first time the head of the organization has been appointed from among the members east of the Great Lakes.

Other officers elected were: Dr. J. L. McDougall, Regina, first vice-president; J. H. Langevin, Montreal, second vice-president; Arthur C. Pike, Victoria, treasurer; Robert D. McLachlan, Victoria, secretary; Dr. W. A. Waddell, Regina, sergeant-at-arms; J. E. Friesen, Swift Current, Sask., inner guard; N. T. Carey, Winnipeg, outer guard; M. A. MacDonagh, Toronto, historian; W. H. Wilson, Vancouver, auditor.

It was decided to hold the 1929 gathering of the council in Winnipeg.

PORTUGUESE BUDGET

STATEMENTS DENIED

At Toral's preliminary hearing here yesterday Abbess Maria Concepcion, the nun named by Toral as having influenced him indirectly to assassinate General Obregon, testified she had never told him or anybody else that the deaths of President Calles, General Obregon and Patriarch Perae of the Schismatic Catholic Church of Mexico were necessary for settlement of the religious conflict in Mexico. She denied she had ever influenced Toral to kill any living creature, saying: "I never thought he would kill even a flea."

TORAL'S WIFE TESTIFIES

Toral's wife testified the nun and a Catholic priest named Jiminez had exercised such an influence over Toral that they had distracted his attentions from her

Perspiration Odour so unpardonable so easy to banish

What quality is so attractive as personal charm . . . . and what social fault so obnoxious as perspiration odour.

Every person perspires, of course. It's natural, it's healthful. Physicians say the perspiration of the average person measures between one and two pints daily. Nature takes this way of ridding the body of impurities through the millions of tiny pores of the skin.

But perspiration need not be objectionable. Lifebuoy Soap, used in the bath, banishes the odour. Lifebuoy's creamy, mild lather not only cleanses, but also purifies the pores—antiseptically—and keeps them sweet, open and breathing.

Make sure of avoiding the needless social error of perspiration odour. Use Lifebuoy Soap, for hands, face and bath.

Low in price—wonderful in results.

To Keep Well
Drink plenty of water, perspire freely and banish perspiration odour with Lifebuoy Soap.

DUNCAN PIONEER DIED SUDDENLY

Late George Corfield Came to Cowichan in 1883

Duncan, Aug. 1—The funeral of the late George Corfield, pioneer resident of Duncan, who passed away very suddently this morning, will take place on Friday afternoon from St. Peter's Church, Quamichan, with Ven. Archdeacon Collison officiating.

A native of St. Day, Cornwall, England, where he was born on May 1, 1854, Mr. Corfield came to Canada in 1883 and took up his residence at Cowichan Flats with his bride, formerly Miss Christina Ralphs.

In addition to his farm, which as the Eureka Stock Farm became subsequently known and famed for its fine Jerseys and Holsteins, he operated a store and post office at "Corfields" in the early days, and also was proprietor of a store at Somenos. In 1920 a disastrous fire wiped out his farm, with the barns and many of his fine herd, and since that date he and Mrs. Corfield had resided at "Red Gate."

For many years Mr. Corfield was president of the Cowichan Agricultural Society and was one of the founders of the Cowichan Creamery Association. He belonged to the Cowichan Yacht Club and was also honorary president of the South Cowichan Tennis Club, to whom he loaned land for the club courts.

His first wife, by whom he had seven sons—James Frederick of Vancouver, Herbert of Koksilah, Ernest and Norman of Nanaimo, Walter in England, George Treffry Jr. of Courtenay and W. Edgerton (Reg.) of Nanaimo—died in October, 1916.

In 1917 he married Miss Janet Mabel Chaplin, who survives him. He is also survived by three sisters in England and one step-sister, Mrs. C. H. Price, who lived in Cowichan district for many years, and now resides in Cornwall, England. He is also survived by fourteen grandchildren.

with that publication from its establishment, his efforts greatly encouraging and facilitating the growth and reform of Canadian literature. He retired from the company some years ago.

In Collingwood he was for years secretary of the Collingwood Reform Association. In religious denomination he was a Presbyterian. He had traveled extensively at home and abroad.

INVESTIGATION AT SCENE OF CANAL MISHAP

(Continued from page 1)

LOSS IS $60,000

E. H. Mattice, chief engineer and manager of the Steel Gates Company, places the property loss at $60,000. It will take several days to cut away and remove the wrecked portion of the gate. In addition the eastern section, which did not fall, will have to be removed as the girders were badly cut by the section which fell when the crane toppled over against it from the top of the lock wall. The entire loss will be borne by the company.

The part of the gate which fell weighed 400 tons.

EXPERIENCED MAN IN CHARGE

Montreal, Aug. 2.—The work of erecting the lock gates in the Welland Canal was under the supervision of one of the world's most capable engineers in that class of work, according to officials of the Steel Gate Company Limited, in discussing to-day the disaster by which eight men were sent to their deaths yesterday at Thorold, close to St. Catharines. The Steel Gate Company Limited has had the contract for the erection of the lock gates in the big new waterway.

"The same man who is in charge there built all the steel gates in the Panama Canal," it was further stated, "and the same machinery which was employed in placing this particular gate placed all the other gates in the Welland Canal.

"How the accident occurred, or who, if any one, was responsible we can not say until we get more details. We have not yet received a full report on the subject," the official announcement said.

DESTROYER AT VANCOUVER

Vancouver, Aug. 2.—Paying an unexpected visit to this port, the Canadian destroyer Vancouver dropped anchor off Pier D at noon to-day. The vessel called here for oil.

MAN ACCUSED AS ACCOMPLICE IN BANK THEFT

W. Loucks, Arrested in Vancouver, Faces Trial at Ottawa

Ottawa, Aug. 2.—Charged with being an accomplice in the theft of $37,000 from the Ottawa branch of the Standard Bank of Canada, William Loucks, arrested recently in Vancouver, to-day was committed for trial. W. D. Bennett, teller of the bank branch, is being sought by the police.

Investigation showed a shortage in Bennett's accounts.

Detective J. P. Downey read a statement claimed to have been made by Loucks, relating incidents of the trip from Ottawa in company with Bennett. The accussed denied he was aware the money in Bennett's possession had been stolen until the pair reached Winnipeg, when the teller showed him a number of packages of money and admitted he had taken it from the bank.

They bought an automobile at Winnipeg and drove to Regina, Moose Jaw and other places, he said.

WENT TO CALGARY

At Gull Lake, Sask., Bennett disappeared, leaving the car and a large sum of money for Loucks, he stated.

Loucks went to Calgary, where he fell in with new companions, including a young woman, and treated them lavishly, buying diamond rings and other jewelry for them. Later he went to Seattle, where another car was bought, which he took to Vancouver, paying duty of $900, the accused said.

When arrested in Vancouver Loucks had $9,874.

THINKS LOST POLAR PARTY MAY BE SAFE

Rescue Worker Holds Amundsen Party Could Survive; Opinions Clash

Moscow, Aug. 2.—Conflicting views as to the probable survival of the Amundsen party of six men and the six men carried away by the balloon part of the North Pole dirigible Italia were given here to-day when Professor Vise and Aviator Babuskin arrived to report on the rescue work of the icebreaker Malingin. Vise was head of the expedition aboard the Russian vessel.

Babuskin said he believe Captain Amundsen and the five men with him in the French seaplane perished. His theory was that the plane fell into the open ocean during a storm and sank.

Vise, on the contrary, was confident the Amundsen party had landed on the cap ice. He said the men could exist there for a year by hunting polar bears and reindeer around the numerous islands.

The chance of the balloon party or "Alessandri group" of the Nobile expedition were not so good, in the professor's opinion, because of their inexperience in polar work. Still he thought they too might last until the icebreaker Krassin could make its way to them.

CHANGES SOON IN P.G.E. BOARD

Vancouver, Aug. 2.—It is not likely there will be a full board meeting of the directors of the Pacific Great Eastern Railway until the Tolmie Government takes office. As at present constituted, the board includes the Minister of Railways and the Attorney-General.

There is no legislation to say this practice must be followed by the incoming Government which, if it should so desire, could go outside the Cabinet officers and make appointments to complete the personnel of the board.

While no full board meetings have been held lately, the three directors outside of the Cabinet officers, Messrs. Chris Spencer, Willard Kitchen and W. J. Blake Wilson, have been meeting regularly to take care of routine business.

FORMER SPEAKER WEDS SECRETLY

London, Aug. 2.—Rt. Hon. J. H. Whitley, former Speaker of the House of Commons, surprised Londoners by announcing this morning that he had been married at Chelsea Old Church to Miss Helen Clarke, daughter of J. A. Clarke of Hunstanton. The marriage took place at 11 o'clock in the presence of a few intimate friends and both families.

The bride has been a friend of the Whitley family for many years. She was in Russia during the World War and through the revolution, and recently has been much interested in women's institutions.

CANADA'S TRADE SHOWS INCREASE

Ottawa, Aug. 2.—Canada's trade during June was $219,842,355, an increase of more than $11,000,000 as compared with June, 1927. The imports were $110,703,733, and the exports, including foreign exports, $109,138,582, a balance on the import side of more than a million and a half dollars.

Agricultural and vegetable products accounted for almost half of the country's exports.

mental purposes and on one of these visits was received at court by King Edward VII.

BORN IN ST. JOHN

Mrs. Fielding was born in St. John, N.B., the daughter of Mr. and Mrs. Thomas A. Rankine. She was married to Mr. Fielding on September 7, 1876. Following her marriage she lived in Halifax, where her husband was managing editor of The Halifax Chronicle until 1884 and Premier and Provincial Secretary of Nova Scotia from 1884 until he came to Ottawa in 1896.

In addition to Mr. Fielding, she is survived by one son, Lieut. Henry C. Fielding, who served overseas in the World War, and three daughters, Misses Florence and Zillah Fielding, and Mrs. Hodgins, wife of Major G. W. P. Hodgins of Ottawa. Another daughter, Mrs. J. A. Camerop of Ottawa, died two years ago.

The funeral will be held in Ottawa to-morrow afternoon. Interment will be made in Beechwood Cemetery.

Rt. Hon. W. S. Fielding, who since he gave up public life in 1925 has been living in retirement, is in his eightieth year.

CANADIAN SPRINTERS CONTINUE FINE WORK AT OLYMPIC GAMES

(Continued from page 1)

Going into a slight lead at the start, Wright, who won the Diamond sculls at the recent Henley regatta in England, rowed thirty-six strokes to the minutes, his opponent stroking thirty-eight. When the pair reached the 150-metre mark, Wright was a length ahead. He was rowing on the course unsheltered from the wind, but had the race well in hand.

FINISHED EASILY

Watching his opponent and being content to hold his length lead, Wright dropped his stroke to twenty-four and finished strong with a large gap of water appearing between the two scullers.

None of to-day's heats in the singles gave any true indication of the strength of the competitors.

WEATHER GOOD

Good weather and water favored the trials of the single sculls, the course on the Sloten Canal being gaily decorated with flags of all nations.

Collett, England, beat Candeyeau, Switzerland, in the first heat in 8 minutes 25 4-5 seconds.

In the second heat R. H. Pearse, Australia, beat Walter Flinch of Germany, who has been German champion five times, by ten lengths. The time was 8 minutes 35 1-5 seconds.

In the fourth set, Kenneth Myers, United States, beat Henry De Kok, South African champion, by one length in 8 minutes 14 1-5 seconds.

John Schmidt and Paul McDowell, United States, beat the Belgians, Von Wolchson and Van Dendriesche by two length in the trial heats of the Olympic rowing for pair-oared shells. The time was 8 minutes 6 4-5 seconds.

SMALL LEAD

Germany defeated the United States representative, Harvard, in the four-oared event by less than a yard, in seven minutes 19 4-5 seconds over the 2,000-metere course.

To-morrow the crews which lost to-day have an opportunity to race among themselves for the right to enter the finals.

Olympic Stadium, Aug. 2.—Harry Larva of Finland won the 1,500-metre championship, the first final on to-day's programme at the Olympic games.

Larva's dash from behind to nip Ladoume of France was perfectly timed after Eino Porte of Finland had set the pace most of the way. Perfect team work won for the Finnish pair. The Frenchmen looked to have the race clinched roundiug the last turn with a lead of ten yards, but he started his sprint too early and faltered when nearing the tape.

The second championship of the day went to Germany, Frau Radke winning the women's 800-metre final.

TERRIFIC PACE FOR WOMEN

The pace was so fast that all six point winners were inside the former world record, Florence Macdonald, United States, who finished sixth, being timed at 2 minutes, 23 2-5, which is 2-5 seconds better than the record.

Frau Radke, after travelling a sensational pace for a woman, was barely able to withstand a closing rush by the strong Japanese runner, Miss Kimure Hitomi, who failed by only two yards to close the gap between herself and the German.

WIN FOR JAPAN

Mikio Oda of Japan won the championship in the hop, step and jump, with Levi Casey of United States second.

Oda's winning performance was 15.21 metres or 49 feet, 10 13-16 inches. Casey, the runner-up, did 15.17 metres, or 49 feet, 9 21-128 inches.

The defending champion in the hop, step and jump, A. Winter, Australia, holder of the world record, failed to qualify, being hampered by a bad knee.

The championship in the javelin throw went to E. H. Lunquist of Sweden, who replaces as champion Johnny Myrra of Finland. Lundquist's winning throw was 66.60 metres, equivalent to 218 feet 6¼ inches, a new Olympic record. He made it on the first throw.

Amsterdam, Aug. 2.—Canada is fifth in the Olympic catch-as-catch-can wrestling team championship. Finland holds the title.

The final placing gives the Finns a total of 17 points, compiled by means of two firsts, two seconds and one third. Switzerland was second with 11 points, Sweden third with 10, the United States fourth with eight and Canada fifth with five.

Canada gained greater wrestling successes than ever before, being awarded five points and placing fifth in the international standings.

The final placings give D. P. Stockton, Montreal, a second in the 174-pound class, Stockton having defeated the United States and South African entrants at this weight.

James Trifunov of Regina won third place in the 123-pound class, defeating the English competitor.

Morris Letchford, Montreal, took third place in the 158-pound class, defeating the English and French champions.

STRANGE RULES HANDICAP

Only the strangeness of the European rules prevented further Canadian victories, three of the Canadians being beaten by rolling falls, which here are called "pinfalls."

After the finals, Dan Macdowal of Toronto and one of the United States wrestlers gave exhibitions of the American continent style of wrestling and impressed the Olympic Committee favorably. It seemed apparent uniform rules were necessary if the Canadians and United States men could be expected to improve their showing at future Olympiads.

RAILWAY LAND NEGOTIATIONS POSTPONED

(Continued from page 1)

paign nothing further was done about them.

HAVE FREE HAND

Thus Dr. Tolmie and his colleagues will have a free hand in negotiating the land agreement. They will also be able to handle the park aspect of the question as they see fit. The MacLean Government had agreed definitely to leave Federal parks within the railway lands under Federal control but the parks programme would have gone much further than that if the present administration had remained in office. It was planned to turn several provincial parks over to the Dominion to be incorporated in the Federal park system and, in addition, to create one or more new reserves to be administered federally.

Preparations to this end have been under way for some time, including investigations to find a suitable Federal park area on the West Coast of Vancouver Island. It was as part of this big scheme of park development that the Dominion contributed to the cost of the Golden-Revelstoke Highway, around the Big Bend of the Columbia River. The Dominion intends to link this road with Mount Robson and Jasper Parks. Now all these questions will be open again and their settlement will depend upon the new Government.

MRS. GREY IS RIGHT

During the contest, Mrs. Arthur Grey sent us a letter from which we take an extract:

"I am a newcomer to Vancouver," she wrote, "and have found Pacific Milk a good home product, far superior to other brands, of which I have used many. It has a consistency of cream which seems to make foods richer, more palatable and gives wonderful food value."

THE PATHWAY OF PEACE

WE ARE TOLD THAT THE NAVY League of Great Britain objects to the methods which the League of Nations Union is employing in order to instruct the youth of the country in the cause of peace. Particular exception is taken to the terms of the following resolution:

"That, in view of the urgent necessity for moral disarmament as a condition of the material reduction of arms, and having regard to the work which many branches and district councils are carrying on in schools, the General Council requests the executive committee to consider asking the competent public authorities to refrain from encouraging the attendance of school children at any public military displays, including air pageants with military features, because the mind of a child, lacking an adult's mature knowledge of the horror of war, is likely to be carried away by its meretricious glamor."

A contemporary reads into this resolution "an attempt to keep children away from military displays in which their fathers, brothers or other relations may be taking part." If the Navy League of Great Britain is concerned mainly about those children who would be deterred from attending displays in which their immediate or more distant relatives would be taking part, the great majority of the youth of the country would not be affected, and the injunction to which it objects would apply fairly generally without wounding family susceptibilities. We may assume, however, that the Navy League is less concerned about the uninterrupted progress of the country and the well-being of those who would have to fight the next war, if ever that calamity should occur again, than it is about preserving a fighting establishment of proportions neither warranted by world conditions nor easy for the taxpayers to maintain.

The League of Nations Union, it should be understood, would like to proceed a little faster than the League of Nations Society; but it surely should not be exposed to attack, or charged with ulterior motives, merely because it is anxious that the youth of to-day, many of whom were unborn when war broke out and the great majority of whom were too young to understand the painful and costly significance of that devastating conflict, shall be taught to shape their thoughts and actions in the interests of international harmony. The boys and girls of to-day are the citizens of to-morrow. The future of the world, whether it goes its way in peace and prospers accordingly, or whether it falls into the errors of the past and seals the fate of civilization, depends upon them and their outlook on life. Peace obviously must be taught in the classroom.

Knowing what it cost the world in human lives and material treasure, what generations to come will have to sacrifice in consequence, it is amazing that there still should be what is very nearly a decided dislike of any movement to squash militarism for all time. It is fortunate for the world, however, that the great body of intelligent opinion is looking to such efforts as that embodied in the Kellogg anti-war plan, now about to be signed by fifteen nations, to preserve such of our civilization as was salvaged from the recent conflict.

CANADA GROWING INDUSTRIALLY

WHILE HON. R. B. BENNETT IS ASKING the Canadian people to inform him whither the Mackenzie King Government is directing the country, telling them that countless thousands of Canadians are "pouring" into the United States, the Canadian Bank of Commerce comes out with a statement in its recent survey of Canadian economic conditions that during the last eighteen months more than two hundred important extensions have been added to existing industrial plants and more than one hundred new factories have been erected. We also are told that Canadian manufacturing plants are turning out in physical volume approximately 150 per cent. of the output reached at the peak of wartime activity ten years ago, while in spite of lower prices their products have a gross value of more than twenty per cent. higher.

In commenting upon this very satisfactory condition, Mr. S. H. Logan, general manager of the bank, draws attention to the general growth in industry during recent months. At the end of 1926, for example, the capital invested in Canadian plants stood at four billion dollars, but this since has been largely increased by these extensive additions to plants and the erection of new factories, notably in the pulp and paper industry, the manufacturing of real and artificial silk, the automobile and allied trades, and in concerns supplying construction materials and household goods of all kinds. A healthy sign of the time also is the general increase in industrial efficiency that is taking place throughout the Dominion, "linked as it is with the world-wide movement for standardization and rationalization."

Nothing an impartial but expert observer says, however, makes the slightest impression upon the politician bent upon the manufacture of political capital. One day Mr. Bennett addresses a Summer School and urges the pupils to make a liberal contribution to the national life of Canada, and the next day he paints a picture of Canada "pouring" its people into the United States. He ignores facts which prove the contrary to be the case, just as he will ignore the Canadian Bank of Commerce survey of Canadian industrial conditions. These do not suit his political book. We in British Columbia, of course, recently have been reminded of Canada's prosperous state by the announcement that this Province is unable to supply the prairies with anything like the number of harvesters we have been accustomed to send.

LORD INCHCAPE AND THE WIDOW

IT IS NOT SURPRISING THAT LORD Inchcape has somewhat wilted under Old Country newspaper comments which suggested rather pointedly to him that if he could give $2,500,000 to the British Government as a memorial to his daughter who perished with Captain Hinchliffe in an attempt to fly across the Atlantic, he at least might make an effort to place the widow and family of the gallant airman far enough beyond penury to make them decently comfortable. It became known some time ago that Mrs. Hinchliffe had written to Lord Inchcape telling him of her financial plight, the only answer she received to one of four letters being described by her as evasive and non-committal. Lord Inchcape now has sent to Mr. Winston Churchill, to whom he sent the large bequest to the nation, $50,000 "to provide for others who might suffer from the disaster in which his daughter, the Hon. Elsie Mackay, perished with Captain Walter Hinchliffe." Although the widow of Captain Hinchliffe was not mentioned, it is assumed that the gift is a recognition of her claim that there was a moral obligation on Lord Inchcape. At this distance it looks as if his action would have been more gracious had he made a specific reference to Mrs. Hinchliffe. Was it a case of reluctance to admit what most people will call an unfortunate mistake?

THE EASY-MONEY HUNTER

ACCORDING TO A REPORT WHICH he filed with the police a Vancouver man has been swindled out of $1,500 in an alleged scheme to transport narcotics to Winnipeg. Apparently three men approached the victim and told him glowing stories about profits to be made in this sort of business. His money would be doubled in a day or so and his star of fortune would be in the ascendant and so remain. But things failed to turn out that way. The misguided individual parted with his $1,500 and never saw his "friends" again.

The world is moving in many ways. New wonders startle us almost every day. But the easy-money hunter seems to think there is a permanent open season for him. The case to which we have referred is a particularly peculiar one. The victim went to the police and told them he lost his money in a scheme to defeat the law, not only putting himself out of court as far as getting his money back is concerned, but placing himself under an obligation to contribute to the public exchequer for his connivance with the "smart" ones. If all the British Columbians who have permitted themselves to be "stung" in wild financial ventures had put their money on the horse of reasonable returns, fewer would have to go to the police and tell a tale of woe.

WHAT OTHER PAPERS SAY

THE GLEAM
The Montreal Star

Ellen Terry's quiet appeal to relatives and friends not to indulge in funeral gloom, in black raiment or graveyard grimness after her death is something that will meet with a widespread approval at the hands of many who would never have ventured, either from shyness or fear of criticism, to have voiced such a sentiment themselves. Death is a solemn thing, but for those who have faith its solemnity need not necessarily be attended by qualities of lugubriousness. Death can be beautiful. Each creed has its own formula, each its own ceremonial. But in the final analysis all are directed towards emphasizing the quality of hope, rather than that of despair. It is not given to all to cross the great divide with such a sense of fearlessness and such a conviction of future happiness as Ellen Terry manifested. But since faith robs death of its sting and the grave of its victory, there does seem to be a very sound reason for avoiding, as far as possible, such features as tend to obscure the gleam behind the cloud.

WHAT DO PEOPLE SEEK ON HOLIDAY?
The Calgary Herald

A course of study in "tourist psychology" has been inaugurated at the Commercial High School in Berlin. Systematically and scientifically, the whole art of attracting holiday-makers from abroad is being studied. The students consist not only of young men and women interested in political economy and the statistics of traffic, but of stout aldermen and managers of different civic departments. German thoroughness proposes to discover the exact attractions that bring tourists in to spend money.

This German plan is not without interesting possibilities for Calgary. The tourist trade is worth cultivating, especially when the visitors can be induced to spend freely. Outside annual Stampede week it is difficult to hold the tourist in the city longer than a day or two. The fine scenic drive to the mountains or the toot of the locomotive remind him that it is time to be on the move again.

The civic authorities might consider what the outsider hopes to find when he enters this city. What is it that pleases and what annoys? In what way may the attractiveness of a visit be enhanced? Can the picturesque history of Calgary be capitalized to a greater extent, its places of interest emphasized? The Berlin experiment offers food for thought.

A THOUGHT

For the children of this world are in their generation wiser than the children of light.—Luke xvi, 8.

When a man seems to be wise, it is merely that his follies are proportionate to his age and fortune.—Rochefoucauld.

BRIDGE MADE EASY by W. W. Wentworth

(Abbreviations: A—ace; K—king; Q—queen; J—jack; X—any card lower than 10).

THE FINESSE

Further instances when finesse should be tried, follow:

1. Dummy holds A 8 6 5; Declarer, Q J 2. Three tricks may be made. From the dummy the 5 is played and declarer finesses Queen. Then he returns to dummy in another suit and leads the 6, finessing Jack.

2. Dummy holds, K J 4; Declarer, 10 9 8. Two tricks may be made. Declarer leads 10 and if it is covered with Queen by west, plays King from dummy.

3. Dummy holds, K 4 3 2; Declarer, J 10 9 8. Two or three tricks may be made by following the same procedure as for the illustration above leading Jack.

4. Dummy holds, A 10 3; Declarer, J 9 2. Two tricks may be made. Declarer leads Jack and if not covered with Queen by west, plays 3 from dummy. If west covers with Queen, Ace in the dummy takes. The next play depends upon whether declarer wants lead in the dummy or his own hand.

5. Dummy holds, A K 2; Declarer, J 10 4. Three tricks may be made. Declarer leads Jack and if not covered with Queen by west, finesses.

6. Dummy holds, A. J. 9 8; Declarer, Q 3 2. Four tricks may be made. Declarer leads Queen and if not covered with King by west, plays 8 from dummy. If this finesse works, declarer leads 2 and finesses Jack. If the second finesse works, the Ace takes the next trick and a favorable distribution may make the remaining 9 in the dummy good.

7. Dummy holds, A Q 6; Declarer, J 10 5. Three tricks may be made. Declarer leads Jack, and if not covered with King by west, plays 6 from dummy. Then declarer leads 10 and if not covered with King by west, finesses Queen in dummy.

8. Dummy holds, A J 7 5; Declarer, K 10 4 3. Four tricks may be made. Finesse can be taken either way. If the bidding has furnished information as to the probable location of the Queen, the play becomes simpler.

C.P.S. Annual Picnic To Be Held at Elk Lake on Saturday

Saturday, August 4, is the date set for the annual picnic of the Canadian Puget Sound Lumber and Timber Company Limited, which will be held at the Elk Lake grounds.

The staffs of the Vancouver Island Towing Company, Island Logging Company and W. L. Morgan Wood and Coal Company have been invited to join the lumbermen on their annual outing.

A programme of sports for the afternoon has been arranged to include track and water events, football, lacrosse and softball as well as novelty races.

Tallyhos will leave the C.P.S. office at the foot of Discovery Street at 9.15 a.m.

Poland Hears Of Border Incidents

Warsaw, Aug. 2.—Alarming reports were published in Warsaw newspapers yesterday from the Lithuanian border relating to the continued occurrence of frontier incidents such as the destruction of boundary posts and exchanges of shots.

The reports said considerable movements of Lithuanian troops just across the border had been noticed in the last few days. Carried with them was the news of the explosion of a powder magazine at a Lithuanian border post Tuesday night in which a number of soldiers were reported killed and wounded.

The newspapers, in commenting on the reports, expressed apprehension as to Lithuania's future action.

KIWANIANS ARE WELCOMED BY EDMONDS CLUB

Victoria Kiwanis Club Journeys to Edmonds For Joint Meeting

Victoria Kiwanians, with ladies and friends, last evening visited the Edmonds Kiwanis Club and were entertained at a banquet at the Edmonds Odd Fellows Hall, which was also attended by many prominent members of the Seattle Kiwanis Club.

The Victoria party of fifty left the city at 1 o'clock yesterday afternoon on the ferry City of Victoria, and arrived at Edmonds at 5 o'clock. The scenic journey proved delightful while most of the party danced to the strains of an excellent four-piece orchestra.

The point meeting and banquet at the Odd Fellows Hall was presided over by President Howell of the Edmonds Kiwanis Club. District Trustee Stevens of Edmonds supervised the arrangements.

C. Elwood Watkins, president of the Victoria Club, when expressing the thanks of the visitors for the reception and entertainment, extended an invitation to the Edmonds Kiwanis Club to visit Victoria in the near future.

Dr. W. J. Hindley, former mayor of Spokane, officially welcomed the Victorians in a sparkling address featured by many witty narratives.

It was pointed out that the aggressive Edmonds Kiwanis Club now has thirty-five members, including as a charter member Capt. Howard Payne, managing director of the Edmonds Victoria ferry service. A hearty tribute was paid to Capt. Payne for his enterprise, it being pointed out that such gatherings as that in progress would have been impossible but for the vision of Capt. Howard Payne.

B.C. Nicholas reviewed the early history of the Puget Sound and the North West Pacific Coast, and foresaw that close ties long existent between Victoria and the mainland communities would grow stronger with development of better communications.

A delightful feature of the banquet was presentation of a bouquet to each lady of the visiting party. The Victorians left Edmonds at 7 o'clock, and terminated a delightful outing at 11 o'clock.

GYROS REVEL AT ANNUAL PICNIC

Enjoy Sports at Elk Lake in Afternoon and Dance at Night

There was plenty of fun at the annual picnic of the Gyro Club held yesterday afternoon at Elk Lake. The afternoon was devoted to sports, and after supper the party moved on to the Temperance Hall at Keating, where dancing was enjoyed until midnight, and the prizes won at the sports were presented.

The weather was ideal for the outing and not too warm for the fat boys to show their real form. The two main attractions of the day, the softball game and the tug-of-war, produced the greatest excitement as well as argument.

REFEREES IN DEMAND

The tug-of-war, between teams captained by President Arnold Trevitt and Past President Archie Wills, was won by the latter after five pulls, which still did not convince the losers that they had been beaten. This argument continued until the softball game started when there had to be a continuous substitution of referees in order to preserve peace and quiet. The benedicts, who talked the least, won the softball game from the bachelors gay by the overwhelming score of 53-16.

Cliff Whittaker, chairman of the picnic committee, was given a bouquet of roses for his great work in staging the picnic. His helpers, who were as follows, each received a love effering: Arthur Kerr, Tom Lumsden, Jack Clay and Jack Speck, prizes; C. C. Paxton and Johnny Simpson, sports; Charles Walker, dance! Louis Glazen, refreshments, and Frank Timmis, W. C. Hudson and Bert Sibbald, tickets.

The results of the sports were as follows:

Girls, 15 years and under—1, Patricia Pennock; 2, Dorothy Sherratt; 3, Vivian Pennock.

Boys, 15 years and under—1, Arthur Fuller; 2, George Smith; 3, Harry Dawson.

Girls, 12 years and under—1, Betty Cameron; 2, Dorothy Sherratt; 3, Patricia Pennock.

Boys, 12 years and under—1, George Smith; 2, Arthur Fuller; 3, Harry Young.

Girls, 9 years and under—1, Elsie Harper; 2, Dorothy Sherratt; 3, Betty Cameron.

Boys, 9 year and under—1, Raymond Fuller; 2, Billy Cameron; 3, Harvey Minnis.

Girls, 7 years and under—1, Betty Cameron; 2, Eileen Wills; 3, Joyce Wilkinson.

Boys, 7 years and under—1, Lorne Fuller; 2, Alex. Holder; 3, Norman Baker.

Girls, 5 years and under—1, Betty Sherratt 2, Eileen Wills; 3, Joyce Wilkinson.

Boys, 5 years and under—1, Lorne Fuller; 2, Norman Baer; 3, Kenneth Wills.

Children, 4 years and under—1, Bobby Wilkinson; 2, Eileen Wills.

Sack race, open—1, Cyril Baker; 2, J. Fuller; 3, James Sherratt.

Boot and shoe race, open—1, Dr. Stanley Miles; 2, Tom Lumsden; 3, Bill Hudson.

Land boat race—Won by team comprised of C. Baker, J. Fuller, A. Minnis, W. Hudson, C. Johns and J. Sherratt.

Throwing baseball, men—1, Archie Wills; 2, Dr. Charles Duck.

Throwing baseball, ladies—1, Mrs. Hunt; 2, Mrs. Baker.

Softball game, married men vs. single—Won by benedicts; score, 63 to 16.

Tug-of-war, ten men—Won by Archie Wills's team, consisting of Cy Paxton, Clarence Johns, Tom Lumsden, Dr. Charles Mess, Fred Whiteside, Jim Sherratt, Bill Hudson, Cliff Whittaker, Art Kerr and Mike Finland.

TO SING AT HIGH SCHOOL FRIDAY

JAMES SHERWOOD DOBBS

who has recently returned from Italy where he has been pursuing his vocal studies for the last five years, will give a recital at the Victoria High School to-morrow night, under the auspices of the Summer School. The concert will be open to the public. Mr. Dobbs has a beautiful tenor voice and will sing excerpts from grand opera as well as a group of ballads. Mrs. Jamie Cameron will be the accompanist.

When the time for ostrich eggs to hatch is nearly due the hen bird deliberately breaks one. The insects which swarm for a feast on the contents then supply her fifteen or more chicks with sufficient food to keep them going until they are able to prospect for themselves.

FRECKLES

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance, Miss Freckleface, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes your freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any drug or department store and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask for the double strength Othine, as this strength is sold under guarantee of money back if it fails to remove your freckles. (Adv.)

PRINCESS OF SMILES

Princess of Smiles—from Purity of Heart!
Thy gladdening, beaming joy reflects
A fount of happiness—within; affects
Thy daily actions, winning friends—apart
From thine exalted state! Amidst this Mart,
Called "Life," so teeming full of man's defects,
Where jostling crowds seek only choice effects,
The rarest treasures doth Your Grace impart!

For—smiles are kindly thoughts—grown-up.
That best express the gladness they reveal;
Just as the Springwise, golden buttercup
Reflects the sunshine, that its petals steal
From Heaven's orb, with love—implanted right,
So do thy smiles insure us heart-delight,
Princess!

POPE DISCUSSES WOMEN'S DRESS

Accepts Album of 50,000 Apostles of Campaign Against Immodesty

Rome, Aug. 2.—Early Christian women dragged into the arena at Rome to be devoured by wild animals were more concerned in covering their nudity than in saving their lives, the Pope said to-day in a discussion of immodesty of dress in women of to-day.

Christianity early transformed pagan women into Christian women so that the tenet of modesty was a primary concern even under the stress of a horrible death, the Pontiff said.

His remarks were made in the course of an audience to the "organization against immorality in women's dress." The Pontiff accepted with a show of gratitude an album containing the names of more than 50,000 ecclesiastics pledging themselves to wage war without compromise against "immodesty of dress in women."

Local Girl Weds Toronto Man

St. Barnabas Church was the scene of a pretty wedding last night when Rev. J. W. Leighton united in marriage Margaret Emma, only daughter of Mr. and Mrs. Charles Cronk, 1474 Quadra Street, to Mr. William Vivian Putman, son of Mr. and Mrs. W. H. Putman of Toronto. The groom is a well-known rugby and basketball player and has many friends here.

Given in marriage by her father, the bride wore a beautiful wedding gown of white georgette, with an overskirt of silver lace. The wide girdle was finished at the front and at the back with diamente buckles. Her net veil was arranged cap fashion and held in place with a wreath of orange blossoms. She carried a bouquet of roses and carnations.

Miss Florence Watson and Miss Grace Renouf were gowend in frocks of mauve and peach crepe de Chine, respectively, with picture hats to match. They carried bouquets of carnations and gladioli. Mr. J. A. Betts was best man.

The church was prettily decorated with a profusion of Summer flowers. Mr. C. H. Simpson, the organist, played the wedding music.

Following the service, a reception was held at the home of the bride's parents, where Mrs. Cronk assisted the young couple in receiving their guests. The house was arranged with masses of sweet peas, gladioli and roses, and the three-tier wedding cake, which occupied the place of honor on the supper table, was cut by the bride.

Mr. and Mrs. Putman left for Seattle, the bride traveling in a dress of grey crepe de Chine trimmed with blue, with which she wore a blue hat and coat of the same shade, trimmed with grey fur. They will make their home in Toronto.

Among the many handsome gifts was a silver tea service presented to the bride by her associates of the Hudson's Bay Company staff.

An interesting engagement announced in Calgary is that of Doris, daughter of Mr. and Mrs. G.G. McCarter of Edmonton, to Mr. Harry G. Nolan, son of the late Mr. P. G. Nolan, K.C., and Mrs. Nolan of Calgary. Miss McCarter is well-known in Victoria, having visited here on numerous occasions. Mr. Nolan is the son of one of the most picturesque figures in the pioneer life of Southern Alberta, the reputation of his father as a criminal lawyer having spread throughout the West in the early days. Mr. Nolan was educated in Calgary and at Alberta University, where he won a Rhodes scholarship. His studies at Oxford were interrupted by the war, and he served with distinction in the Canadian infantry. When the war was over, he completed his course and returned to Canada to enter law. His mother is well-known in Victoria, having spent numerous Winters here as a guest at the Empress Hotel.

TENNIS CLUB'S DANCE

The Victoria Lawn Tennis Club will entertain at a dance at the Hamsterley Lakeside this evening in honor of the visiting players, who are here for the annual B.C. Lawn Tennis championships. Dancing will commence at 9 o'clock and supper will be served during the evening.

The committee in charge hope that the public will patronize the affair as a compliment to the visitors. Tickets may be obtained of members of the club or at Hamsterley Lakeside.

Last night the visiting players were taken for a drive to the Dominion Astrophysical Observatory, the full moon adding much to the pleasure of the outing. At the Observatory members of the staff were in attendance to show the visitors over the dome and demonstrate the giant telescope and other instruments.

BRIDE'S VEIL IS CAUSE OF FIGHT

Court Case Follows Wedding in Montreal; Irate Witness

Montreal, Que., Aug. 2.—The question as to possession of the veil worn by a bride after she had left on her wedding journey culminated in a highly exciting court scene lasting an hour before the case was dismissed by the police court judge.

A feminine witness stated that she saw the complainant in the case attacking the accused with her shoe.

"She was pelting him on the head with the heel of her shoe. It was too bad there was trouble before they left the hall. There was an argument between the bride and her hister over the veil, and I said, 'Don't argue; this is a wedding, not a funeral.'"

The lawyer for the complainant aroused the ire of this witness when he commented on the fact that she raised her right hand high in the air and repeated her oath when he cross-examined her as to some of her statements. "My experience teaches me that oaths that are made with such force are not usually very important," he commented casually to the judge in discussing the evidence.

There was an angry cry from the rear of the court and, as he continued, the woman, scarlet and with her fist closed, marched towards the bench. "Oh, oh, oh," she cried through clenched teeth. "My word, sir," she began, trembling with rage, "my word is the truth, sir."

She continued her progress towards the lawyer with fist closed, and court attendants came forward and forced her back to the spectators' seats as she waved her arms menacingly towards the lawyer.

Marriage Bill In Britain Defeated

London, Aug. 2.—The Archbishop of Canterbury yesterday, making his last appearance in the House of Lords as Primate of the Church of England before his impending retirement, obtained the defeat of a bill which the church had opposed but which in some manner had slipped through the Commons and reached its third reading in the Upper House.

The bill would have amended the marriage laws to permit marriage between uncles and aunts and their nephews and nieces. In the last two years many ineffectual attempts had been made to pass such a measure and recently it was put through a tired House of Commons late at night. Subsequently it passed two readings in the House of Lords, where the divisions, however, were very close.

I.O.D.E. PRIZES TO AID AGRICULTURE

Quebec Chapters Offer Two Bursaries of $200 Each

Montreal, Que., Aug. 2.—To encourage the study of agriculture in the province of Quebec, the Quebec provincial chapter of the Imperial Order Daughters of the Empire have decided to give two bursaries to students in agriculture, beginning with the academic year 1928-1929. Impartiality towards the two races has marked the arrangements, as one of the bursaries is set apart for MacDonald College, while the other goes to the agricultural college at St. Anne de la Procatiere, which is entirely French.

It has been stipulated that the bursaries, which are for $200 each, shall be awarded the two students taking the highest marks in the final examinations of the second year of the degree course in agriculture. In both colleges there are short courses, but the scholarships of the I.O.D.E. are intended primarily to help students who wish to make a thorough study of the profession.

The Daughters of the Empire had found that very little was being done in Quebec to encourage the study of farming in an up-to-date and scientific manner, it was stated. As their policy is patriotic and educational it seemed thoroughly fitting that the bursaries be given a the present time for agriculture, in order to show the interest of he Daughters of the Empire in all phases of their country's welfare.

TEST ACT TO KEEP JUVENILES FROM THEATRES

Montreal, Aug. 2.—The constitutionality of the recent amendment to the Quebec Theatres Act by which children under sixteen are forbidden admittance to motion picture theatres of the province will be tested in the courts as the result of an action taken in practice court here yesterday. The proceedings were taken by way of a writ of prohibition to restrain the recorder's court from hearing a number of charges against theatre owners of this city.

Some fifty charges have been laid against various theatres of the city for violation of the law relating to the admittance of minors under sixteen years. Their cases will be suspended until the present case is decided.

INTERESTING TREATMENT FOR PERSISTENT CONSTIPATION

Mrs. I. B. writes:

"I have had to wean my three and one-half months-old baby entirely, and am feeding him two and one-half ounces of milk and water at each feeding, and one teaspoon of maltose with this.

"I wonder if you would care to print the following experience I have had with the baby? My first baby, who died at seven months, was terribly constipated, never did have a natural movement. This second baby, I discovered when I came from the hospital, was going to have the same trouble. He seemed always to need assistance in order to have a movement, and would keep straining, as if he wanted to move his bowels, but would cry as if it hurt him. I took him to a baby specialist who, after an examination, said that the rectum was so small that he never could have a natural movement. He dilated the rectum three times, two weeks apart. After the first dilation the baby had a natural movement. Now I need only give him prune juice and everything is fine. Some mothers may be having this same trouble, and think it is constipation, which it isn't."

ANSWER

This isn't an uncommon situation, and it was fine that you discovered the cause of the trouble early and rectified it. All little bodies are not perfect, though we wish that they all might be.

SMOKING INJURIOUS TO BOYS

Mrs. J.:

I appreciated your nice letter and am glad you did not take offence to it. Your letter suggested that you feared your boy of fifteen was a "sissy," and naturally I felt there must be some grounds for your fear. I do not believe that a boy of fifteen should smoke, though many of them do. What I tried to make clear is that if a boy of this age doesn't want to smoke that is his own business, and his own decision, and it would only make enemies for him if he went around with a "holier than thou" attitude. Bad companions can ruin even a good boy, but I see no reason why your boy should have to go with boys of the type you describe. Surely he meets the other type of boy who could be a chum to him. No one would dream of suggesting that you let him go with "thieves," but what seems strange to me is that all the boys with whom he could pal around seem to be of this type. You see I have to flounder about trying to find out what your problem was and is. You evidently feared your son was different and yet you unconsciously resent being told that he is. You must have had some problem when you wrote me, for if your son is perfectly satisfactory to you, and happy himself, then there is no problem. I have a feeling that you wanted me to answer someone's criticism of him, and yet you have painted him yourself in exactly that light. I think it unwise for boys to smoke, but this kind of swearing many boys fall into is ordinarily just a passing phase. Women always cringe at swearing.

The NEW and IMPROVED KOTEX

Now Cut-to-Fit

Deodorizes*... and 4 other important features:

1—*Softer gauze* ends chafing; pliable filler absorbs amazingly;

2—*Corners are rounded* and tapered; no evidence of sanitary protection;

3—*Deodorizes**—safely, thoroughly, by a new patented process;

4—*Adjust it to your needs;* thinner, thicker, narrower as required;

and

5—*Easily disposed of;* no unpleasant laundry.

HERE is a new conception of comfort, even for women who thought that Kotex, in its original form, answered every need.

For the New and Improved Kotex is shaped to fit. It ends bulkiness and offers snug security that means mental as well as physical comfort.

So, too, does the new softening process, which makes it cool and light, avoiding the discomforts of chafing and binding.

Its filler is adjustable, the former high absorbency and ease of disposability are unchanged.

Important to fastidious women is the exclusive deodorizing feature of Kotex . . . no fear of offense to others now.

Buy a box today, try it, and you will agree . . . 60c for a box of twelve (at any drug, dry goods or departmental store).

*Kotex is the only sanitary napkin that deodorizes with scientific accuracy. This ends an important fear—that of offense to others.

LOWER RATES GIVE IMPETUS TO AIR MAILS

Victoria Linked Into Great Network With Operation of New Machines

Victoria is included, through the operation of the B.C. Airways Limited passenger and mail monoplane, with a network of air routes reaching all over the United States, and is linked with the British Columbia mainland by swift connection with Vancouver.

Recently the United States government cut the rate on air mail, and as a result the whole scheme of operations by mail planes has been given impetus.

In Seattle to-day is a cabin flying boat built by Boeing, ready for the Seattle-Victoria air mail service. This mail service is the oldest international route in America. The new ship will shortly be put into operation.

According to announcement from the United States postal authorities, a considerable increase in the volume of air mail southerly and easterly from Seattle is expected immediately as a result of the new rates, and Victoria will see the result of this. Companies operating mail services have added to their fleet of machines to meet this increase. The Varney Air Lines, operating the Northwest transcontinental air mail route between Pasco, Washington and Salt Lake City, have six new Stearman mail planes in service. This was the first route opened in the Northwest.

The Boeing Air Transport, operating the Pacific Air Transport route between Seattle and Los Angeles has replaced its old equipment with a new type of Boeing mail and passenger planes. The B.C. Airways Limited forms the most westerly link in this great mail and passenger air service.

GOOD ADVICE FROM MOTHER OF SEVEN

Recommends Lydia E. Pinkham's Vegetable Compound

Toronto, Ont.—"I began taking Vegetable Compound for nerves and other troubles and I must say I felt different after the first dose. I have been told this last six months that I look twenty-five, although I am now forty-seven and have had seven children. I have taken the Vegetable Compound regularly for some time and sleep well, rise early and feel young."—MRS. MCKEE, 18 Laurier Ave., Toronto, Ontario.

NEW BUSINESS CREATES NEED FOR BUILDING

George H. Smith, second vice-president and general manager of the Canada Permanent Mortgage Corporation, announces that his company will erect a seventeen-storey office building in Toronto to take care of the growing business of the concern and its associate company, the Canada Permanent Trust Company.

The new building will be ready for occupation in the Fall of 1929. Its height will be 220 feet from the sidewalk to the upper parapet, with elevator towers rising another few feet. F. Hilton Wilkes, A.R.T.B.A., together with Mather and Haldenby, associate architects and Sproatt and Rolph, consulting architects, will plan the building. All are of Toronto.

The design is of the modern tower type with the chief offsets occurring at the eleventh floor level. There will be no heavy cornices, the character of the building being obtained by heavy ornamental bands, string courses and reveals to give a vertical rather than a horizontal effect. The long lines of masonry terminate in a wide enriched band at the top of the building, which in turn is surmounted by finials.

The building is to be constructed of steel frame throughout with tin-pan concrete for the floors.

The main banking-room will occupy the ground floor and will be finished in marble and bronze. The ceiling, which will be groined vaulted, is twenty-eight feet high and springs from marble piers, with carved marble capitals, the groins being separated by carved marble ribs. This room, together with the rear mezzanine floor, will contain the martgage department, trust department, and a large and thoroughly modern safety deposit vault.

The whole building will have a maximum of light and ventilation. The front mezzanine and first floor have been specially arranged for a prominent financial company. There are eight lower typical floors of 8,700 square feet each and six upper typical floors of 7,000 square feet each. The seventeenth floor will be occupied by the head office, th eCnaada Permanent, and will contain a large assembly room, as well as a board room, general managers' and other executive offices.

AGED MEN ENJOY ANNUAL PICNIC

City's Veterans Show Keen Competition in Sports' Programme at Royal Roads

With vigor that would have been creditable to more youthful competitors, inmates of the Aged Mens' Home yesterday afternoon went through their paces during the sports programme arranged for their annual outing at the Royal Roads.

Athletes from the age of ninety-seven down took part in the races and the softball game which was the feature of the day. In the walking races J. O' Keefe, J. Young and T. Lindburn, aged seventy-three, seventy-two and seventy respectively came in first in the three events ahead of good fields, while Patrick Morris, Pat Harty and J. Young were too good for the other contestants in the quoit throwing competition.

The softball game was won by the team captained by Dave Spencer, who, with F. Landsberg and others, was in charge of the arrangements for the day. The personel of the team with the respective ages of its members was: J. Stewart, eighty-five; E. Scott, seventy-four; J. Williams, eighty-four; W. Robbins, seventy-four, and J. O'Keefe, seventy-three. The vanquished aggregation was composed of Mr. Landsberg, Alderman Woodward, H. Hamilton, ninety-seven; G. Morris, eighty; J. Lindsey, seventy-nine; H. Ford, sixty, and E. Johnson, seventy-five. Both teams put all their strength into the match, and the score, 18-17, is evidence of the keeness with which they played.

The picknickers were conveyed to the grounds in cars loaned by Dave Spencer, Herbert Anscomb, J. H. Beatty, Al Davies, H. E. Newton, the International Engineering Schools, Alderman Woodward, W. H. Davies, the Central Transfer Co. and Wm. O'Neil & Co.

The results of the sporting fixtures were:

The quoits competition: 1, Patrick Morris, sixty-five; 2, Pat Harty, eighty-five, and J. Young, seventy-two.

First race—1, J. O'Keefe, seventy-three; 2, P. Harty; 3, H. Ford.
Second race—1, J. Young; 2, J. Lindsey; 3, J. McMillan, seventy-nine.
Third race—1, T. Lynburn, seventy; 2, S. James, seventy-four.

Those attending the picnic and their ages were:

Hugh Hamilton, 97; E. Scott, 76; James Mealey, 78; J. James, 76; Thomas Henderson, 73; Hugh Johnston, 76; Alexander Ford, 60; Archie McMillan, 79; Patrick Harty, 85; Patrick Morris, 59; Conrad Johnsen, 76; James W. Stewart, 85; Thomas Lynburn, 68; Wm. Dawson, 71; John Munro, 76; William Williams, 85; Robert Robbins, 73; John Lindsey, 79; J. D. Gillis, 72; James Young, 72; A. O'Keefe, 73, and R. Jeffares, 75.

DR. DUNCAN SCOTT WRITERS' GUEST

Noted Poet Entertained By Authors' Association

Dr. Duncan Campbell Scott, noted author and poet and Deputy Superintendent-General of Indian Affairs, and Mrs. Scott of Ottawa, were the guests of honor at a gathering held at the home of Mr. and Mrs. G. Bjornsfeldt, Chapman Street, last evening, under the auspices of the Vancouver Island section of the Canadian Authors' Association.

Dr. Scott briefly addressed the gathering, telling something of his work among the Indians of the various tribes throughout the Dominion. He also spoke of the Little Theatre movement in Ottawa, and gave much pleasure by the reading of some of his own poems, including "Deserted" and "Powhattan's Drum."

Donald Fraser, on behalf of the local branch, thanked Dr. Scott for his interesting contribution to the evening's pleasure. Mrs. Ebbs-Canavan read some of her charming verses, and Miss Coleman of Vancouver also recited some of her own poems.

Delicious refreshments were served by the hostess, who was assisted by her daughter, Miss Anne Marie Byornsfeldt.

"Greatest Runner World Ever Saw"

Great Tribute Paid To Williams By Men He Outran On Track

Canadian Stripling Stands on Top After Greatest Test Any Sprinter Ever Underwent; Ran Eight Races in Four Days Against Fresh Lot of Sprinters in Feature Dashes; English Wildly Excited Over His Wins; Americans, Disappointed, Tender Their Congratulations; Williams Wants to Win Relay Races Now

Amsterdam, Aug. 2.—A fleet Canadian stripling stands on top of the world after the greatest test a sprinter has ever gone through, a worthy successor to the title of the "world's fastest human."

Facing the best on earth, Percy Williams, winner of the Olympic 100-metre dash, came through to win the 200 metres yesterday.

Appreciation of his prowess is gained only through the knowledge that he has run eight races in four days, meeting a fresh lot of sprinters in the 200 metres, for the United States, Germany and other nations sent new runners into the furlong, including such veterans as Charlie Paddock, long the possessor of the title "world's fastest human," Charlie Borah, Jackson Scholz, winner of this event at the 1924 Olympiad, Koernig and Schuller, of Germany, and others of equal ability. Before the speedy Canadian boy they all fell in such decisive fashion that everybody was most willing to acclaim the new champion as the greatest of all.

HIS FAMOUS BURST

A most impressive feature of Williams's victories is that he always comes from behind. In the semi-finals he was the fourth man at the end of the first 100 and then uncorked his now famous finish. In the final he was a yard and a half behind the leader with seventy yards to go and then, like a greyhound unleashed, he cut loose and ran past the field with a burst of speed that brought the crowd to its feet with a mad cheer, nationalities being forgotten in the desire to pay homage to a great footrunner.

The name of Canada is on everybody's lips. The Americans are the great disappointment of the games and the Canucks the surprise.

The only chance the Americans have now to win in flat racing is in the 400 and the 200-metre relays. Their hopes are going aglimmering every day.

Yankee officials are astounded. They thought they had the sprint events tied up.

The Canadians received a surprise visit last night from nine English officials who came to congratulate Williams, only to find the young Vancouver lad sound asleep at 9 o'clock. The youngster is keen to have the Canadian sprint team win the relay on Sunday, so he is setting the rest of the crowd a fine example.

ENGLISH DELIGHTED

The Englishmen were delighted with Canada's success and wanted to know what else was up the Canucks' sleeves. They said they have nothing in the 400 metres and are counting upon the Canadians to stop the Americans in that event. They were also keen on the proposal to hold the British Empire games in Hamilton two years hence.

Four officials of the German amateur Athletic Association also called and invited Williams, Fitzpatrick, Edwards and Pickard to compete in Berlin on August 19. The invitation was extended to include six girls.

Many interesting features marked Williams's victory. Jackson Scholz visited the dressing room after the final of the race to congratulate Williams. He shook hands with the new champion and said: "You're a great kid."

Washington, D.C., Aug. 2.—The United States sport world has been knocked dizzy by the sensational victories of Percy Williams, of Vancouver, at the Amsterdam Olympiad.

"He's the greatest runner the world ever saw," declared Bob McAllister, "the flying top," one of the Americans beaten in the 100 metres final, as quoted by Harvey R. Flory, correspondent at Amsterdam of The Washington Times. "And that," Flory adds, "seemed to be the concensus of opinion."

This correspondent declares that the stands and trackmen themselves paid slight heed to Lloyd Hahn, the American, of whom much was expected, when he lost the 1,500 metres. They were still buzzing over the remarkable performance of the nineteen-year-old Williams.

Flory continues: "Williams furnished the first Olympic double championship in the sprints since Ralph Craig, the American, turned the trick in the 1912 games at Stockholm. Previously, the only other dual winner had been Archie Fish, another American in the 1904 games at St. Louis. Hahn didn't get the competition that Craig and Williams were faced with in gaining their victories."

Flory states that, while Williams did not equal the records in either of his events, being a fifth of a second behind the mark, unofficial clockers caught him in 10 2-5 seconds in the 100 metre final. This, if official, he writes, would have equalled the world record held by Paddock.

FAIR FOR ONE AS OTHER

Robert Harron, in The New York Evening Post, comments as follows on the 100 metres race:

"'It was of golf that the old Scotsman said: 'It's a humbliin' game.' That might be said of the Olympic track competitions at Amsterdam, from the American point of view, and from a distance of 3,000 miles no excuses or alibis are evident. A track less firm and less fast than those on which they have been accustomed to run in this country probably did not help the Americans, but the Canadian, Percy Williams, in the 100, and the British Lord Burghley, in the 400 metres

WILLIAMS WANTS STILL FURTHER SPRINT HONORS

Refuses to Give Up His Place on Relay Team After His Severe Tests

"My Work is Not Finished Yet," He Says, and Goes Into Sound Sleep

Amsterdam, Aug. 2.—Percy Williams, the new world's sprinting champion celebrated his double victory, the first since 1912, by getting a sound night's sleep in preparation for further efforts on the paths on the Olympic Stadium.

"He is sleeping like a baby," P. J. Mulqueen, chief of the Canadian team, told the reporters who besieged the hero of the ninth Olympiad, last night. "Don't disturb him, he must run in the relays next Saturday."

That is all Canada asks of her Olympic athlete.

Williams came straight from the stadium after winning the 200-metre event, had a light lunch of tomato salad, cucumbers and mineral water and then retired.

"I haven't taken my sweater off since last Thursday," he explained.

The officials of the Canadian team had been willing to let William scratch his entry in the 200-metres after winning the shorter sprint, but he insisted on running. Last night they offered to give him a well-earned rest by replacing him on the relay team, but he refused.

"My work is not finished yet," he said. "I'll see it through. Keep me on the relay team."

DOES WHAT HE LIKES

Williams does not keep any strict training regime. "I eat and drink what I like," he said.

The Vancouver sprinter is one of the foremost examples of proof, according to many of the training experts here, that the American and French methods of training "against the watch" are all wrong.

Never in two years of his racing career has Williams been sent out to run against time by his trainer. He always races against some opponent with handicaps proportionate to their relative speeds. Williams never goes out to break eleven seconds in the 100 metres or twenty-two in the 200, but instead, in his training, a handicap man is placed several yards ahead and he is told to go out and beat him.

This, the experts say, explains the great bursts of speed the Canadian showed a few metres from the tape in both the 100 and 200 metres race when, after lying in second or third place for the entire distance, he simply left his opponents standing still like a thoroughbred streaking out from a bunch of selling platers.

When it is explained that the so-called selling platers are the pick of the champions of the forty nations competing in the Olympics, Williams's friends say it is no reflection on the competitors, but their star merely outclasses them when it comes to the finish.

NOT ADDED STARTER

Canadian officials denied to-day reports that Williams was an "added starter" on the Canadian team. He is a full-fledged member of the team they say, and was brought to Europe at the expense of Canada.

Senior Amateur Ball Teams Hook Up To-night at Royal Athletic Park

Sons of Canada and Eagles will hold the spotlight at the Royal Athletic Park this evening when they meet in a Senior Amateur League baseball game commencing at 6.15 o'clock.

Eric Whitehead is expected to pitch for the Eagles while Holness or Kerr will take the mound for the Sons.

The Eagles will have their strongest team out in an effort to hand the league champions a defeat.

ATHLETICS ARE DUE TO CRACK; YANKS COME ON

Reversal of Fortunes Can Be Looked For in American League Race

Do Not Expect Connie Mack's Boys Can Maintain Their Fierce Pace

Ruth Continues to Kiss Ball For Circuit Many Days Ahead of Schedule

Rain forced the maintenance of the status quo in the National League yesterday when all three scheduled games were postponed and simultaneous victories by the Yanks and the Athletics accomplished the same result in the younger major circuit.

The chase remains stern for Connie Mack and his veterans even though he has won straight, 16 out of 17 and 26 out of 32. Only a super-team can move at that gait and the Yanks still dangle five games beyond the Mackian grasp.

By all the laws of averages, the Athletics should soon falter when least expected. By the same laws, the Yankees fortunes should take an upward turn, but baseball has a way of twisting up all rules.

The Mackmen showed some signs of lagging yesterday but pulled through to a 6-4 victory over the Indians at Cleveland.

CURED OF WILDNESS

Huggins saw something more than a game won as the Yankees overcame the Browns by 12 to 1 in the series opened at St. Louis yesterday. Young Henry Johnson, whose chief fault even in victory has been apparently incurable, wildness, let Dan Howley's boys down with seven scattered hits and gave only one base on balls.

Johnson's fine performance marked the first gallant effort by the Yankee second pitching string in many weeks—the Shealy-Johnson-Campbell combination which looked so good while winning.

RUTH WELL AHEAD

That other slugger, George Herman Ruth, added his forty-second homer to the woes of Alvin Crowder in the first innings. This put the Babe 23 games, 27 days and 8 home runs ahead of himself as measured by his record of 1927. Bob Meusel added his ninth homer with two on in the sixth. The defeat sent the Browns below the .500 mark and left the Yankees and the Athletics alone above that figure.

The White Sox ran their string to five straight by beating the Red Sox in Chicago 4-2 and 7-3. Ed. Walsh Jr., officiated in the second game and won his first home victory.

The Tigers pounded the Senators 10-5 in Detroit.

Yesterday's results were:

Twenty-foot Putt Gives Abe Espinosa Chicago Open Title

Chicago, Aug. 2—Making a twenty-foot putt for a birdie four on the final green, a diminutive but might Abe Espinosa of California, snatched the Chicago open golf championship from the grasp of Frank Walsh of Appleton, yesterday at the Idlewild Country Club.

The putt, which drew a tremendous ovation from the hushed gallery, gave Espinosa the title, together with $500 in cash, by the slender margin of one stroke. His total, which included a record-breaking round of 65, was 283, five strokes better than par, for seventy-two holes. It was the second championship won by Abe within a week. Last Saturday he captured the Western open crown with a total of 291.

A TERRIBLE FLOP

LLOYD HAHN

Anyone who had followed the comments of American sports writers a few weeks ago would have figured that Hahn was all cut and dried to win the 800 metres at the Olympic Games and be right up in the running in the 1,500 metres. He was hailed as one of these "supermen" they have so many of across the border in athletics. The failure of the United States runners at Amsterdam makes one wonder just how genuine a lot of the records are they have claimed of late. Hahn was a dismal fifth in the final of the 800 metres, which was won by Douglas Lowe, of Great Britain, in spectacular fashion. Lowe is not a publicity hound. He runs the races when he is called on and he wins them in face of the world's best. Yesterday Hahn ran in a heat in the 1,500 metres and when thirty yards from the finish quit cold and walked from the track. He was thoroughly beaten, even the Canadian, Walter, being in front of him. "The spectacle of Hahn walking off the track thirty yards from the finish because he was unable to beat Walter, was disgraceful," says one writer.

Canadians Getting A Poor Deal At Olympic Games, State Officials

Manager Robinson, of Canadian Team, Outspoken in What He Claims Is Partiality Towards United States Athletes; New Westminster Lacrosse Team Can Get No Decision on What Rules They Will Play Under Because United States Officials Will Not Attend Conference; May Withdraw From Olympiad

Amsterdam, Aug. 2.—While P. J. Mulqueen, chairman of the Canadian Olympic committee, intimated there was a doubt that Canadians would compete in the next Olympiad owing to what he claims is unfair treatment by officials in the present games, M. M. Robinson, of Hamilton, manager of the Canadian team, has given a lengthy statement setting forth the Canadian grievances in detail.

Robinson declared that various instances created the belief that some officials were displaying partiality toward the United States athletes. A series of "annoying incidents" had occurred since the United States sprinters were allowed to use the Olympic stadium last Thursday and all other nationals barred, he said.

ORDERED OFF FIELD

On Sunday, declared Robinson, after being acting judge of the hammer throwing, P. J. Mulqueen was ordered off the field by a Swedish official although a few minutes previously the Canadian had been asked to remain by the president of the international federation.

On Tuesday Madame Milliat, representative of the Women's Athletic Federation, had requested the Canadians to file a protest against the award of first place in the women's 100 metres to Elizabeth Robinson of the United States over Fanny Rosenfeld of Toronto, who was second, said Mr. Robinson, because the officials were in dispute and one of the claims was that the winner broke the tape with her hands instead of breaking it, as the rules call for. The protest was lodged after difficulty and thrown out the next day by a vote of 3 to 1, the ballot including votes by a United States and German judge.

AMERICANS STAY AWAY

The lacrosse games will be starting soon and the Canadians have repeatedly tried to arrange a conference to reach agreement on the question of rules, which vary between Canada, the United States and Britain, the manager continued. It was impossible to get anywhere, however, because though they made repeated promises to attend, the United States officials never turned up.

Meanwhile, the New Westminster lacrosse team is practicing without any knowledge of what rules the games will be played under.

"All these incidents are leaving a bad taste with the Canadians," said Mr Robinson.

New York, Aug. 2.—Seeking to regain the prestige she enjoyed two decades or more ago, England will send a tennis team of four to the United States this month to compete in team matches against America and in the American national championships, the United States Lawn Tennis Association announced to-day.

PREMIER OF CANADA CONGRATULATES THE NEW SPRINT CHAMP

Ottawa, Aug. 2.—Percy Williams, Vancouver flash, has been congratulated by Premier King. The Premier sent Williams the following cablegram:

"Glad again to congratulate you on the honor you have brought to Canada through your splendid victory in two hundred metres.

(Signed)

"W. L. MACKENZIE KING"

CHEMAINUS TO OPPOSE CAPS

Island League Ball Teams Will Perform at Royal Athletic Saturday

Victoria Capitals will perform in their last scheduled Vancouver Island League Baseball League game on Saturday evening when they oppose Chemainus at the Royal Athletic Park, commencing at 6 o'clock.

Jimmy Dangerfield has been selected to twirl for the local champions, while "Fat" Johns or Stickney will work for the Up-islanders.

These two clubs have put up several good games this season, and a real battle is looked for Saturday.

CONNAUGHT CUP TO REMAIN IN COAST TOWN

New Westminster Altogether Too Good For Montreal in Football Finals

Coulter's Four Goals Help Royals Score Convincing Win By 6-1

Royals Denied They Purposely Passed Up Victory in Second Game

Winnipeg, Aug. 2.—The Dominion of Canada Football Association trophy, emblematic of the Canadian championship, was retained for Western Canada, when the Royals, of New Westminster, last night overwhelmed the Nationals, of Montreal, 6 to 1.

Since 1926 the coveted trophy has been won by teams representing Western Canada. In 1926, United Weston of Winnipeg won, and in 1927, Nanaimo were the winners of the championship.

With their line-up at full strength, the Royals entered last night's match the favorites and within a few minutes of play there was no doubt of the result, though the Nationals, especially in the first half, battled all the way and fought for every position until the third goal was scored. From then on they seemed to weaken, as the Coast players, with a great display of combination, swarmed over the field, breaking up promising starts of the Nationals almost before they got started.

ROYALS' PLAY OUTSTANDING

The play of New Westminster was outstanding in the second half. Finlayson, the star of the Nationals, was held in check time after time while Coulter, who scored four of the Royals' goals, proved a puzzle to the Montrealers throughout.

The first goal came at the end of three minutes' play. Dicky Stobbart snapped a shot in from the eighteen-yard rink. The Nationals addressed more weight to their attack, but Westminster went out to increase their margin. End-to-end play followed at a fast pace. McGuire got in a hard shot, but was wide, and at the other end Kerr skimmed the crossbar.

The Nationals were forcing matters. The teams got to an even footing after twenty minutes' play. McGuire took advantage of loose play on the part of the Royal defence and whipped the ball into the net.

Both teams played hard, but Coulter scored for the Royals. Turner received a clearance from Swan in the face, and the Westminster pivot gathered the rebound and scored.

ROYALS ALL THE WAY

The second half was mostly in favor of Westminster, and had not Nelson turned in a good display, the Montreal team would have been swamped. At the end of eleven minutes Coulter netted for Westminster.

Thirteen minutes later Coulter took a pass from Stobbart and walked the ball into the net. Three minutes later Coulter performed the "hat trick," making his fourth goal of the game and the fifth for the Royals. The Nationals were outclassed.

Kerr, their centre half, failed to stand up under the pressure. Coulter did as he liked. Although the Nationals tried hard to become a united force, they made little headway against the Westminster half-back lines. The final goal came three minutes from time. Kerr, who had turned in a splendid display, crowned his work by a well-worked and well-taken goal.

The line-ups were as follows:

Westminster—Ball; Strang and Anderson; Rimmer, Russell and Delaney; Kerr, Stobbart, Coulter, Turner and Chapman.

Nationals—Nelson; Barnes and Swan; Henderson, Keir and Duguid; Lumsden, Neilson, Finlayson, McGuire and Coule.

NO FRAME UP

Winnipeg, Aug. 2—Emphatic denial of rumors which followed the withdrawal of three star New Westminster players from the line-up in the second match played with the Nationals of Montreal, in the Dominion football championship series here Monday night was made by V. W. Sortwell, secretary of the Coast team, in a letter to Sam Davidson, secretary-treasurer of the Dominion Football Association, yesterday.

The players whose places were taken by substitutes in Monday night's game were Stobbart, Russell and Delaney.

PLAYERS REALLY HURT

"The players in question," states Mr. Sortwell in his denial of the rumors, "were declared by the club trainer to be unfit to participate in Monday's game and for no other reason our executive had no alternative but to leave these players off the team for the game. I want to take this opportunity to deny most emphatically the accusation that the Wesminster Royals Football Club did not wish or endeavor to win this game and thus end the series, and the Dominion championship."

Vic Foley Loses A Close Decision

Quebec, Aug. 2—Vic Foley of Vancouver, Canadian featherweight contender, lost a close ten-round decision to Ralph McNaughton of Quebec City here last night.

The second Vancouver boxer to appear on last night's card, Harvey Holliday, was awarded the decision after eight fast rounds with Elzear Villeneuve of Quebec. Holliday weighed 114½ pounds.

In the main fight, Foley weighed 124¾ and McNaughton 124½ pounds.

Williams Calm, Other Sprinters Chafe When Starting Is Delayed

Vancouver Marvel Reveals Marvelous Control When Waiting in His Holes for Gun to Start Field Away in 200-metre Finals; Victory Achieved Over the Greatest Field of Furlong Runners Ever Assembled in World; Fitzpatrick Performs Remarkably Well for Canada Also

By R. T. ELSON
Staff Correspondent of The Vancouver Daily Province

Amsterdam, Aug. 2.—Percy Williams, Vancouver schoolboy sensation, who was crowned king of sprinters in the 100 metres final at the Olympiad here, came on in a sensational finish yesterday to win the 200 metres final, performing the remarkable feat of winning the two Olympic sprints—a feat performed only twice before, first in 1904 and next in 1912.

Williams won the furlong final in the greatest finish of the games, beating Rangeley, of Great Britain. They came up the stretch neck and neck, but Williams won driving at the tape. Jackson V. Scholz of the United States and Helmut Koernig of Germany were in a dead heat for third place. Fitzpatrick of Canada was fifth with Schuller of Germany sixth.

The run into the stretch found Williams, Koernig, Scholz and Rangeley running four abreast. At fifty yards from the tape it looked as though Rangeley or Koernig might have had it, but from there on Williams came through, although Rangeley's challenge was a hard one. Fitzpatrick fought hard but was outclassed in the killing finish.

CANADA'S FIRST DOUBLES WIN

It was the first time in history that the world's double sprint championship came to Canada. Williams's victory in the 200 metres showed the Canadian to be the greatest of all. He won in the face of almost unbelievable odds, against specialists who did not compete with him in the 100 metres. In the face of the great heat in the 200 yards, which had sapped the strength of the great German, Koernig, so utterly that he failed entirely before Williams's withering finish.

COOL AS A CUCUMBER

Williams did yesterday what he did on Monday, walking out fighting and winning without the slightest fuss or bother. He went to the marks calmly, and when the delay caused the other sprinters to chafe impatiently, Williams stood still, calmly awaiting the starter's pleasure.

When they started he burst away running magnificently. He went ahead easily, swiftly and close to the ground, in perfect style. Outside and ahead of him was his team-mate Johnny Fitzpatrick, fighting for the lead. They started in lanes and as they rounded the first turn there did not appear to be a change in the places, and Williams seemed behind at the stretch. Fitzpatrick challenged to the last, going down fighting. One German was out in front and another was coming and Rangeley was second and Williams third. Somehow then, Williams came up to his full stature and, turning loose his full speed, hurled himself ahead in one last burst. He made it, beating them all. He came into the stretch without the terrific finish but this came later when he drew up the last great reserve which had already brought him one great championship.

FORCED THEM ALL BACK

In the last ten yards Williams broke ahead of the field forcing them all back. Just as he was breaking the tape Rangeley came up with a last minute spurt, beating out Jackson Scolz, winner in 1924, who tied with Koernig for third place. The latter equalled the Olympic record yesterday when Williams, Koernig and Borah battled it out in a great heat. Fitzpatrick was next in line and Shuller, of Germany, was last. The time 21 4-5 seconds, was as fast as any one could desire.

Yesterday's victory was far different from Monday's. In the 100 metres Canada had but one man, but yesterday Fitzpatrick and Williams were in there fighting together. On Monday, it was clear and fine with Williams favored to win because of his great victories in the other events. Yesterday it was dull, with a threat of showers. Williams was not strong enough for the heavy track, the critics said. The flags were drooping and the Canadians were pessimistic, with Williams recovering from the tremendous heats of Tuesday. Even Bob Grainger, Williams's stalwart trainer, doubted his charge would win yesterday and the events on the field Tuesday indicated that he would get no breaks.

It is doubtful if one man winning two such sprint championships ever faced such competition that Williams faced yesterday. But while Williams got the ovation it should not be forgotten that Fitzpatrick made a gallant stand. Fitz was figured as an outsider but he defeated Schuller, the German, and while he placed behind the pair who tied for third place he received the points for fourth place. Fitzpatrick was the greatest team mate Williams could have had, and they are both Canada's own to whom the entire country must pay homage.

The victory of Fitzpatrick in the heats aroused the hope that he might rise to great heights as he did.

CANADIANS WILD

Yesterday there was no restraining the Canadians. They were climbing over the Stadium fighting with Williams as the latter neared the finish and as he won they burst past the policeman in front. Brant Little and Phil Edwards again swooped him up shoulder high. Someone threw out a Canadian flag and they draped Williams with it. The cameraman stole him away and then while the crowd cheered madly, he started across the field alone. P. J. Mulquen, chairman of the Canadian Olympic Committee, burst through the crowd from the officials' stand with coat-tails flying, and threw his arms around the western boy and kissed him in front of twenty-five thousand people.

This time the Canadian ensign went up, and the Maple Leaf was sung by the Canucks as never before.

HEENEY BEARS NO BAD MARKS

New Zealand Heavyweight Challenger Will Leave Shortly For Home

New York, Aug. 2.—Tom Heeney, the hard rock Gene Tunney splintered in the Yankee Stadium last Thursday night, will sail for New Zealand late this month, but he will be back. Just now Tom is busy scouting out the part of New York he missed during the past few months. He has this three brothers in tow and they are "doing the town."

The beaihful Anzac, not quite sure how the citizens would receive him after his disastrous evening with the heavyweight champion, has kept in seclusion as much as possible. Most of the day he spends looking at tall buildings with his brothers, delving into the granite canyons of Manhattan and the nights are devoted to plays and his beloved movies.

Tom shows no marks of the conflict that found him helpless and reeling before eleven rounds were over. One of the cruelest beatings a heavyweight ever took in a ring has left only a thin pencil line of blue along the under-lid of his left eye.

TILLICUMS WIN CRICKET GAME

Defeat Five C's 203 to 119 and Practically Cinch Wednesday League Title

Tillicums practically cinched the championship of the Victoria and District Wednesday Cricket League yesterday afternoon when they took the Five C's into camp at Beacon Hill by the score of 203 for seven wickets to 119.

Eric Quainton was the only batsman to score freely against the bowling of Gilbert Heinekey and D. D. Freeman. He put a 34 on the telegraph. A. Booth and R. Lee opened the batting for the Tillicums, the former, after making a boundary, was bowled by Eden Quainton. Fred Smith joined Lee, and this pair took the Tillucm's score to 96 before being separated. Lee was high scorer for the clubmen with 51. Heinekey was the leading bowler, taking five wickets for 34 runs.

Great Tennis On Tap When Visiting Tennis Stars Come To Grips

Most British Columbia Players Pass Out in Provincial Tennis Championships and To-day's Matches Along With Semi-finals To-morrow Should Witness Some Spectacular Matches; Radford Extends Prusoff in Interesting Match

A stiff breeze that annoyed players and spectators was the only discordant note of yesterday's play in the British Columbia tennis tourney at the Willows.

The third day of play saw the British Columbia defenders reduced to a mere handful in all events but the consolation singles, where the locals were unpleasantly numerous.

A warning of what is to come in the second half of the week was given yesterday when outside stars clashed in several instances for the right to enter the quarter-finals. Bitter struggles resulted in almost every case.

FEW SOFT SPOTS

In marked contrast to Tuesday's programme, yesterday's feature matches were mainly in the singles, but from now on there should be very few soft spots in the schedule, due to the number of ranking players still in the running for Saturday's silverware.

Long after six o'clock, Noel Radford, one of the few remaining local hopes in the singles, took the court against Henry Prussof of Seattle, present P.N.W. junior titleholder. The stands were nearly empty and few of the remaining diehards were prepared for the bitter struggle that ensued.

Combining a rock-like steadiness with a cool, heady attack, Radford held his flashier rival at bay for over an hour before succumbing to the barrage of shots from the racquet of the American by a 7-5, 6-4 score. The local man had his "loop" drive and sliced backhand working to perfection and he was able to make Prussof work for every point. The latter unloosed some of his heaviest artillery in the second set, but Radford stood up to heavily-topped drives and skidding chops with equal courage and kept his flag flying to the end.

It was a great match to watch and Radford deserves all kinds of credit for his game fight. He had previously accounted for the veteran Portlander, Henry Gray, in two long deuce sets, 8-6, 10-8.

Sid Smith, the Tacoma comet, capped his morning win over Langlie with a fine three-set decision over Hesketh of Seattle, 6-2, 1-6, 7-5. Smith now meets Harrison for the right to enter the semi-finals.

TAKES TWO SCALPS

Sherman Lockwood had the scalps of two Canadians hanging at his belt last night as a result of his straight set victories over Dowell of Vancouver and Marsh Gordon of Victoria. Lockwood had his beautifully hit flat drives under perfect control, despite the wind, and was particularly impressive against the local man, who was only able to garner three games.

On his present form Lockwood should give Johnny Risso the battle of his life when they meet to-day. The one-armed ace has not, as yet, displayed his last year's game, while his blonde Californian club-mate seems to have taken a decided liking to the grass surface.

Victoria's only chance of entering the semi-final bracket rests on the racquet of Don Campbell, who meets "Windy" Langlie of Seattle to-day. The same pair met last year and the Sound City star won at 10-8 in the final set, so it is anybody's match.

MARCHING ON

Meanwhile Bradshaw Harrison advanced another step towards his sixth straight Coast title of the year by eliminating his fellow Californian, Larry Driscoll, 6-3, 6-3. The diminutive winner was always in command of the match.

Miss Marion Hunt, the under-sixteen champion of the Pacific Coast, was the first of the ladies to enter the semi-finals. As a result of her 6-4, 6-1 win over an ex-B.C. champion, Miss Lawson of Victoria. The freedom and power of Miss Hunt's strokes have seldom been equalled on local courts, and any young player could learn a lot by watching her in action.

Two local ladies, Miss Mary Campbell and Miss Hope Leeming, are still carrying the Victoria flag in the singles, but they face stiff opposition to-day in Miss McNab and Mrs. Gross respectively. Still, both local girls are playing remarkably fine tennis, and it would not be much of a surprise if they both come through to enter the charmed circle.

Meanwhile, at the top of the draw, Miss Josephine Cruickshank has only to beat Miss Tatlow to enter the round of four. The Californian, who is seeded No. 1, is a hot favorite for the singles' crown.

GOOD MIXED DOUBLES

Several fine mixed doubles matches again figured prominently in the day's play.

Two local youngsters, Miss Doreen Swayne and Paul Phillips, played the game of their lives on No. 1 court against Miss McNab and Risso, who only won at 12-10, 6-4. Phillips played fine, agressive tennis and with Miss Swayne backing him up nobly they made things very uncomfortable indeed for the visitors, who were forced to call on their entire repertoire of shots to gain the decision. The gallery got a great kick out of the struggle and genuine regret was felt when the youngsters lost.

Miss Weil and Eric McCallum defeated Miss Hope Leeming and Cunningham, 3-6, 6-3, 8-6, in a match featured by McCallum's masterful smashing, especially on the back-hand.

Mrs. Ismay and Hesketh won a forty-two game marathon from Miss Griffiths and Lockwood, 9-7, 7-9, 6-4. Lockwood is one of the best doubles players in the West, but even his play could not quite make up for the weak, though greatly improved play of Miss Griffiths.

Miss Hunt and Nordstrom won their replayed match against Miss Jackson and Driscoll in short order, 6-3, 6-0. The winners were too smooth a team for the Victoria-California pair, who never really got going.

Langlie and Nordstrom advanced another round in the doubles by defeating Schwengers and Fairburn, 6-1, 6-3, in an interesting match. The winners are a very attractive pair to watch, and should give a good account of themselves in the next few days.

Several good matches were seen in the veteran's class with Walter Goss of Portland defeating Brown of Victoria, 5-1, 7-5, and his partner, Henry Gray, downing Agar in three sets, 6-8, 6-2, 6-3.

Yesterday's results were:

SIDNEY WIN WAY TO FINALS

Defeat Westholmes 13-4 in Deciding Game For Honors in Second Half

Sidney earned the right to meet the Westholmes in the play-off for the Commercial League baseball championship when they defeated the latter 13-4 last night at Sidney in the deciding game for the honors of the second half of the league schedule. The Westholmes won the first half championship

Sidney played good ball behind the steady pitching of Dave Donaldson. He allowed the Westholmes nine hits and struck out eleven. Pollard, who twirled for the Westholmes, was not up to form. He allowed thirteen hits and whiffed eight. He was responsible for five of the losers' nine errors.

ALWAYS IN FRONT

Sidney took a two-run lead in the first inning and from then on were never passed, increasing their lead as the game progressed.

GREAT TRIBUTE PAID TO WILLIAMS BY MEN HE OUTRAN ON TRACK

(Continued from page 8)

hurdles, were running on the same cinders and at the time. There is some talk in the cables from Amsterdam about the startings, but here again the Canadians and the Americans, speaking the same language, were about on equal terms under the starting of Franz Muler, the German."

These references are representative of comment in Eastern American newspapers on the brilliant victories won by the young Vancouver sprinter. They regret the defeat of their own men but give ungrudging praise to the Canadian winner.

Still, the sting of defeat in events where the Americans were confident of success, is none the less severe.

"It is losing that brings gloom and philosophy," The New York Post declares editorially, adding that just now there is plenty of both in American hearts at Amsterdam and at home.

American papers do not attempt to hide the disappointment felt in the United States at the showing of their men in the track event, but probably they are to some extent to blame for it. They have for weeks been playing up Wykoff, Hahn and other members of their team, as though their victories was beyond question. The American sprinters ran wonderful races in the Cambridge trial, but it is only the final heat that wins the laurel for the victor. In this disappointment, however, there is no sign of withholding applause for Williams, Burghley, Lowe, Atkinson and the other British champions. Above all, Williams is acclaimed as a marvel.

If Williams were an American he would be to-day in the United States the Lindbergh of the Olympiad.

Alan Gould, sports writer of the Associated Press at Amsterdam, writes as follows:

"Percy Williams, nineteen-year-old Canadian schoolboy, who was taken along just to keep peace in the Dominion athletic family, is now sprint champion of the world

"Flashing the same speed, the same remarkable stamina and the same spectacular sort of finish that gave him the 100 metres victory two days ago, the curley-haired youth from Vancouver staged a whirlwind spurt on a rain soaked track to win the 200 metres from the best America, England and Germany could produce. Williams, who was thought to have shot his bolt in the 100 metres, came from behind in a closely bunched field to beat Walter Rangley."

A FLYING MARVEL

"Williams is marvellous," declared General McArthur of the American Olympic Committee, after the young Canadian broke the tape ahead of the other runners in the 200 metres event. "He has got a unique and double burst of speed. I have come to the conclusion that he is the greatest sprinter in the stadium. There is not the slightest doubt as to his supremacy."

Experts declare that Williams's race in the 200 metres was among the greatest in the history of the Olympics, being perfect in style, from start to finish In spite of the blow to their hopes which he administered, other American officials and athletes agreed with General McArthur that the Canadian is a flying marvel

SONS WIN WITH EASE

Score 10-0 Victory Over C.P.S. in One-sided Senior Lacrosse Game

Sons of Canada chalked up another victory in the Victoria and District Lacrosse League when they handed the C.P.S. team a 10-0 defeat at the Royal Athletic Park last night.

The Sons were by far the better team and found no trouble scoring goals. In the first quarter the Sons obtained a one-goal lead, John Taylor going through to beat Crossley.

In the second quarter the teams battled on even terms, and although both goals were subjected to dangerous attacks no further scoring was seen.

At the end of the third period the Sons were leading 5-0 on goals by Chapman, Taylor and Nicol, the latter scoring two. In the final quarter the Sons scored five more goals. Nicol and D. Burnett each getting two and John Taylor one.

Frank Smith refereed the game.

MCLARNIN IS A FAVORITE

Terrific Battle Looked For When Vancouver Boy Meets Loayaza To-night

Detroit, Aug. 2—Jimmy McLarin, Vancouver lightweight, and Stanislaus Loayaza, Chile's contribution to the 135-pound ranks, meet in a ten-round bout to-night that may determine Sammy Mandell's next championship opponet.

McLarnin, whose campaign for a return bout with Mandell was initiated with a one-round knockout of Phil McGraw, has been established a slight favorite.

McLarnin was conceded an edge in boxing ability, should he decide to box. There was doubt among local fans as to whether he could outpunch the Chilean, who also beat McGraw and draped Flowers over the ropes here. In point of aggressiveness they are about even.

Every reserved seat in the Arena, which accommodates over 18,000, was taken yesterday with an advance receipts of over $80,000 reported.

"Wet" gasoline
Down the cylinder walls
into your oil

OUT OF THE CRANKCASE, when you drain it, comes a thin blackish fluid—not the rich oil you bought five hundred or a thousand miles back.

Full of gasoline you bought for power, for mileage. "Wet" gasoline that didn't explode, that trickled down the cylinder walls—worse than wasted for it has ruined your oil!

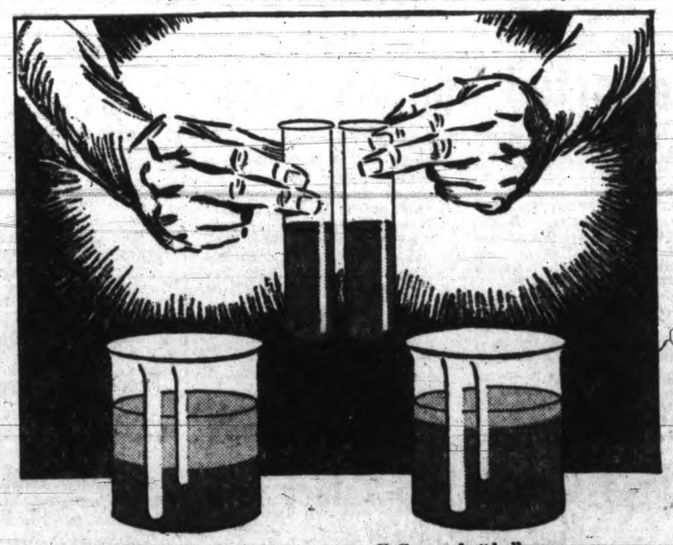
Yet lubrication men say they are finding many crankcases in which the oil is surprisingly *free* from dilution!

Connect that fact with this:

More and more drivers are careful to buy only Shell 400. Refined to an exact point, Shell 400 goes completely vaporized into the motor—a "dry" gas. It explodes cleanly, swiftly, leaving no "wet" particles, no waste. And so the words "more mileage," "more power," have at last taken on a real meaning!

Fill with Shell 400 today. Use it exclusively. It costs no more than ordinary gasoline.

In starting, Shell 400 requires less choke than "wet" gas but can stand more without causing thinning



An example of what a thousand miles of ordinary driving with ordinary gasoline can do—oil 51% "gasoline"—thinning caused by incomplete explosion of "wet" gas

Shell 400, the "dry" gas reduces oil thinning to a minimum. Notice this example—only 9.2% in a thousand miles of ordinary driving

SHELL 400

The "DRY" GAS

Shell Motor Oil, a new lubricant that forms *less* carbon, *soft* carbon, is the ideal running mate for Shell 400. Don't offset the good effects of Shell 400 by using an oil less fine than improved Shell Motor Oil

Sealed tenders addressed to the undersigned and endorsed "Tender for Confederation Building, Ottawa, Ontario," will be received at this office until 12 o'clock noon (daylight saving), Wednesday, September 5, 1928, for the construction of a Dominion Government Office Building, to be known as Confederation Building, Wellington Street, Ottawa, Ontario.

Plans and specification can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Ottawa, Ont.; the Resident Architect, Department of Public Works, 59 Victoria Street, Toronto, Ont.; and the Superintendent, Department of Public Works, 196 St. Paul St. W., Montreal, P.Q.

Blue prints can be obtained at the office of the Chief Architect, Department of Public Works, by depositing an accepted bank cheque for the sum of $100.00, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, for the sum of one hundred thousand dollars ($100,000), which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned. Bonds of the Dominion of Canada or bonds of the Canadian National Railway Company will also be accepted as security, or bonds and a cheque if required to make up an odd amount.

By order,
S. E. O'BRIEN,
Secretary.
Department of Public Works,
Ottawa, July 3, 1928.

TIMBER SALE X10277

Regina, Sask., Aug. 2.—One of the largest crowds that ever witnessed the running races in Regina took in the third and final day's racing of thoroughbreds at the Provincial Exhibition here yesterday. The betting was heavier than ever before, and the prices were fairly good, especially in the last four races.

A London dredging expert has received permission from the Barmouth Harbor Trustees to dredge for gold in the Mawddach estuary. It is believed that recent heavy mountainside floods have washed away the gold from various gold mines in the Barmouth district.

NEWS IN BRIEF

Photographs illustrating the article "Riding Trails Through the Forests of Sooke," by A. E. Willett, published in The Times on August 1, were supplied by John Cragg of Leechtown.

Eight drivers were fined $5 each in the City Police Court this morning for failing to observe the stop signs into the arterial highways. The accused all pleaded guilty to the charges.

For failing to make a return of his income in the 1923 taxation period, contrary to the Income War Tax Act, B. R. Lemon was fined $25 and $2.50 costs in the City Police Court this morning. The accused pleaded guilty to the charge.

Professor J. A. Armand, mental scientist of Nancy, France, will give one of his popular lectures to-night at the Victoria Hall, Campbell Building. His subjects will be telepathy, second sight, premonitions, dreams, thought transmission and the super-conscious mind.

For driving his automobile to the common danger on Fort Street on July 28, Reginald Sheppard was fined $15 in the City Police Court this morning. The accused pleaded not guilty to the charge for failing to have his car equipped with a muffler. Ross Elves paid a fine of $5.

James B. Keister, vice-president of the National Lead Company and president of the National Paint, Oil and Varnish Association, was a caller upon Mayor J. Carl Pendray at the City Hall this morning. Mr. Keister has spent his vacation on Vancouver Island for many years, his first visit following an invitation from Mayor Pendray.

Struck down on Douglas Street near Fort at 12 o'clock by an automobile driven by Charles McKay, 927 Collinson Street, Frank Miller, Dunedin Rooms, suffered painful injuries to his head. He was taken to the police station where first aid was rendered and later removed to the Jubilee Hospital.

The official congratulations of the City of Victoria were yesterday telegraphed by Mayor Pendray to Percy Williams, winner of the Olympic Games 200-metre race. The Mayor's message was "City of Victoria extends heartiest congratulations on your great victories. All British Columbians proud of you and high honors you have brought to Province."

Charged with stealing the sum of $70 from Morley Thomas of Seattle at Elk Lake on Friday, July 27, Herbert Allison was acquitted by Magistrate Jay in the Saanich Police Court yesterday afternoon. The accused pleaded not guilty through counsel, T. M. Miller. Two young companions of Allison pleaded guilty to the theft in the juvenile court and were sent to the Industrial School.

Canadian exports of salmon to Italy are listed in the latest official returns as amounting to $689,726 for last year, according to a report just received by the Victoria Chamber of Commerce from A. B. Muddiman, Canadian Trade Commissioner. The report draws attention of Canadian and especially British Columbia packers to Italian regulation in regarding to marking receptacles.

VICTORIA GIRLS IN SEMI-FINALS

Two Victoria girls entered the semi-finals of the ladies' singles in this morning's play in the B.C. tennis tourney at the Willows as a result of brilliant straight set wins over visiting stars.

Miss Mary Campbell allowed Miss McNab of Vancouver but two games as she stroked her way to a decisive 6-1, 6-1 win. The local girl pounded her opponent's backhand with great success throughout the match, and the result was never in doubt. The winner now meets Miss Josephine Cruickshank of San Francisco. Miss Campbell has now dropped but three games in four matches.

Miss Hope Leeming scored an even more glorious victory over Mrs. Gross, who was seeded third among the ladies by a 6-4, 6-3 score. Miss Leeming showed excellent judgment and her greater mobility and variety of strokes more than offset the steadiness and experience of the veteran Californian.

Games reach 4-all in the first set and then Miss Leeming applied pressure and ran out the set. Mrs. Gross ran up a lead of 3-0 in the second period, only to see her opopnent race through six straight games for the set and match. It was a fine win and Miss Leeming should give Miss Hunt a hard fight in their semi-final match.

"Windy" Langlie put out Cliff Hodgson 6-4, 6-4 to enter the quarter finals, while Henry Gray accounted for Rev. S. Ryall, 6-4, 6-0, in a well-played veteran's match.

Many fine matches are scheduled for this afternoon.

LADIES' SINGLES

Miss Mary Campbell, Victoria, defeated Miss Marie McNab, Vancouver, 6-1, 6-1.

Miss Hope Leeming, Victoria, defeated Mrs. Golda Meyer Gross, San Francisco, 6-4, 6-3.

MEN'S SINGLES

W. Langlie, Seattle, defeated C. Hodgson, Victoria, 6-4, 6-4.

VETERANS' SINGLES

H. S. Gray, Portland, defeated Rev. S. Ryall, Victoria, 6-4, 6-0.

MEN'S CONSOLATION SINGLES

G. Cunningham defeated McLoughlin, default.

W. Murray defeated G. Phillips, 6-3, 6-2.

HELP FUND FOR PLAYGROUNDS

Native Sons of Canada, Victoria Assembly No. 1, have communicated with W. T. Straith, president of the Victoria Junior Chamber of Commerce, stating they desire to donate part of the proceeds from their large picnic on Labor Day to the athletic playground fund.

The junior chamber sponsored a movement towards the betterment of the athletic fields of Victoria.

In their letter to Mr. Straith the Native Sons state they have adopted as one of their local activities the betterment of the playgrounds of Victoria.

BUREAU OPENS FUND CAMPAIGN

More Money Needed to Carry on Extensive Campaign This Year

To keep pace with publicity bureaus and similar organizations throughout the continent a drive for funds for the Victoria and Island Publicity Bureau opened this week with an appeal for representative support from all business interests in the city.

The successful efforts of the bureau in bringing tourists and prospective investors to Vancouver Island were never more apparent than at present with cars with foreign license plates a common sight, ferries and steamers bringing capacity loads, and most of the hotels and apartment houses doing a brisk business. Merchants are enjoying an increase in business from shopping tourists and the result of the influx has proved of general benefit to the city.

Probably never before in the history of the bureau has such valuable publicity been obtained. Washington, California and Oregon papers have sent writers to the city as a result of the increase created and full pages have appeared in Seattle, San Francisco, Los Angeles and Portland newspapers. Many magazine articles have also been published, some supplied by the bureau and others written by special writers who have visited Victoria.

With a $3,000 cut in the city grant an appeal for a greater amount of private subscriptions is asked this year. Charles H. Webster, publicity commissioner of Vancouver, who was a visitor in Victoria this week highly commended the work of the Victoria Bureau. He also pointed out that Vancouver was solid for publicity and virtually every class of business was represented in the bureau membership and in addition several hundred private citizens were public spirited enough to give it their financial support.

TAXI QUARREL GOES TO COURT

Sidney Sangster appeared before Magistrate George Jay in the City Police Court this morning, to answer a charge of assaulting Joseph Smith on July 27 in the grounds of the Empress Hotel. The case was adjourned until to-morrow morning when Sangster will be committed for trial by a higher court. No evidence will be heard for the defence.

At the opening of the proceedings to-day R. C. Lowe, counsel for Sangster, elected for a trial by jury.

When asked by His Honor if he had anything to say Sangster replied: "All I have to say is that I am absolutely innocent of the charge."

Joseph Smith, driver for the Gray Line, stated that on July 27 about 3 o'clock he was standing on the sidewalk at the south entrance to the Empress Hotel. He was explaining one of the Gray Line sightseeing tours to a lady when Sidney Sangster came across the street and interrupted the conversation witness said. Sangster had come from the Blue Line office on the opposite corner. After Sangster had joined in the conversation the lady remarked competition was very keen, the witness declared. Smith replied that it was.

A TERRIBLE BLOW

Immediately after this Smith stated he received a terrible blow on the jaw from Sangster. Witness said he jumped over a small hedge in an attempt to get away from Sangster who followel him and then struck him again knocking him to the ground. While lying on the ground Smith said he received another blow on the head.

The blows started both his nose and mouth bleeding and knocked a front plate of teeth out of place. When questioned by Mr. Lowe if Sangster had any reason for striking him Smith declared he thought Sangster must have lost his temper. Smith asserted Sangster had threatened him many times.

Frederick Moss, 2473 Burdick Avenue, proprietor of a taxi stated he was standing on the northwest corner of Government and Belleville Streets and could plainly see Sangster and Smith talking to a woman. Shortly after he saw the former strike Smith on the jaw. Smith jumped onto the lawn with Sangster after him witness said. Sangster then struck Smith two blows and he fell to the lawn when Sangster deliberately kicked him, Mr. Moss asserted. When Sangster first struck Smith witness said he heard the lady cry out "Oh!"

A. B. Schofield, another operator of a taxi, who was standing on Government Street, corroborated the evidence of Mr. Moss.

S. T. Sehl, accountant for the Gray Line, stated he saw Smith at the hotel following the alleged assault. He was bleeding from the nose and mouth and had a large welt on his chin. Later he had proceeded to the scene in company with Smith and found a large number of Gray Line folders strewn about the lawn. They were all inside the Empress Hotel property witness said.

Police Search For Missing Man

City police are now searching for James Wilson, 738 Russell Street, who has been missing from his home since last Sunday. He was last seen at the fire department headquarters hall. James McAllister, 202 Dundas Street, brother-in-law of Mr. Wilson, asked for police assistance last night in an effort to find the missing man.

The following is a description: Age, twenty-seven years; height, six feet; weight, 180 pounds; hair, brown; eyes, blue; excellent teeth; suit, light grey; shoes, brown and cap, light brown.

Anyone seeing him is asked to communicate with the police.

OBITUARY

The remains of George Gervase Jennings, who passed away at the Royal Jubilee Hospital on Tuesday evening, are resting at the Thomson Funeral Home, 1625 Quadra Street, pending arrangements for forwarding to Dresden, Ontario, where interment will be made. Mr. Jennings was a native of England, aged sixty-three years and a resident of this city for the past twenty-five years.

The death occurred yesterday afternoon at the Royal Jubilee Hospital of Mrs. L. C. Wells of Prospect Lake. The remains are resting at the Thomson Funeral Home, 1625 Quadra Street, pending funeral arrangements which will be announced later.

FIVE PER CENT OF CIVIC FUNDS FOR PARKS WORK

Parks Convention Favors Fixed Allowance; Seattle Gets 1929 Convention

Aldermen John A. Worthington and John Harvey, Thomas Purdy, parks superintendent and John Baxter, mayor's secretary, returned yesterday from the annual convention of the International Association of Park Commissioners of the Pacific Coast, held at Bellingham.

Seattle was chosen as the convention city for 1929, with A. S. Kerry, chairman of the Seattle Parks Board, elected as president of the association.

S. S. Pier of Tacoma was elected vice-president and John Baxter was named secretary-treasurer.

The convention favored devotion of at least five per cent of a city's total income towards upkeep and maintenance of parks and playgrounds.

Alderman Worthington aroused much discussion by proposing that boys be apprenticed in city parks to become efficient parks superintendents. The suggestions were favorably received.

International Meet at Minneapolis Reviewed By H. H. Manny of Seattle

Work of Shrine Hospitals Discussed By Shrine Potentate

A review of the recent International Rotary Convention at Minneapolis was presented to the Victoria Rotary Club this afternoon at the Empress Hotel by Past District Governor H. H. Manny of Seattle, who pointed out that the sixth objective of Rotary, promotion of international amity, had become the prime interest of the Rotary Clubs of the world.

Mr. Manny pointed out that forty-one nations were represented at Minneapolis by some of their most eminent citizens, and cited addresses by Chancellor Kuno of Germany and Sir Donald MacLean of Great Britain as examples of the inspiring speeches which featured the proceedings. He pictured the influence of an educated public opinion in telling the governments of the world that there shall be no more war, and foresaw the joy with which, in years to come, Rotarians will recall their part in promotion of international friendship.

SHRINE HOSPITALS

Frank Jones of Houston, Texas, told of the Shrine organization of fifteen hospitals for crippled children and the need of expansion of this work. While the Shrine Hospitals now provide 800 beds for free treatment of crippled children, there are now 1,800 approved cases on the waiting list, with 400,000 known cases in North America and an annual increment of 18,000. "The Shriners cannot do it all," he pointed out, praising the Rotary interest in boys' work.

PROSPERING CANADA

John Wood reviewed a recent visit to Toronto, Montreal, New York City and Scranton, Penn., the efficiency and service of the Canadian Pacific Railway to Montreal being superior to that of the five lines required for the return journey. Mr. Wood found a shortage of skilled building trade workers in all the large cities of Canada, employment conditions not being so good in the cities of the United States. "Our native sons and daughters have got all they need right here in Canada," he considered.

BIRTHDAY CAKE

John Kissinger was presented with a birthday cake, with eleven lighted candles, in recognition of a recent addition to his family, President Anscomb stating that he could not pledge future cakes after the expiry of his term of office next July.

LEGAL TEST OF MARKETING LAW HAS COLLAPSED

Dismissal of Case Halts Plan to Take Statute to Privy Council

Dismissal of charges against Fraser Valley Chinamen, under the Produce Marketing Act yesterday, means that the test of this statute's legality, which had been carefully planned by the Attorney-General's Department, has collapsed, it was explained at the Parliament Buildings to-day.

The case having been thrown out on grounds entirely apart from the marketing law, there is no disposition here to appeal it and it is not expected the potato marketing committee will do so.

The collapse of the charge against the Chinese growers thus leaves the situation where it was. Had the charge been dismissed on the ground that the marketing law was illegal this decision would have been fought through to the Privy Council but now this is impossible so far as these particular cases are concerned. Thus the whole question is open for action by the new Conservative Government. It will be able to start again from the beginning in its own way to test the constitutionality of the law, if sees fit to do so.

UP TO TOLMIE

Hon. S. F. Tolmie, Conservative leader, had consented to the steps taken by Attorney-General Manson to fight the expected attempt to upset the law but no such attempt was made. With only three more weeks of office ahead of it, it is not expected the present Government will do anything further. The matter will be left for the decision of the new ministry.

It is felt here that the situation as left by the court's decision yesterday is unsatisfactory as the legality of the statute may be questioned at any time. On this account the expected test of the law was welcomed. It will be for the new Government to decide whether such a test should be arranged.

LIFE-SAVING CLASS PASSES

High Points Made By Summer School Students in Practical Examinations

All the Summer School candidates who entered the Royal Life Saving Society's bronze medallion examination, held at the Crystal Garden yesterday, were successful in the tests put by J. D. McNeill, the provincial examiner for the association.

Each member of the class of eight was awarded the bronze medallions and certificates and another was given the Award of Merit, the more advanced diploma given by the society. The marks obtained by the students were exceptionally high, the average being 84 per cent. Frank Hyslop took first place in the test with a total of 91. He was followed by Miss Margaret Palmer and Max Maynard with 89 points, Miss Smillie with 87, Miss Bisson with 84, Miss Lapham with 82, Miss Bradford with 81 and Mr. Walters with 76.

In taking the Award of Merit, Miss Harvey obtained one of the highest marks ever given in the Province, making 91 per cent out of a possible 110. All her drills were executed in an excellent manner, which showed the thoroughness with which she had practiced for the examination.

Following the test Mr. McNeill commended the class on its fine showing, saying that it was one of the best he had ever examined.

The course was started four weeks ago under the able tutelage of W. G. Brandreth, physical training instructor at the school. Besides the life-saving classes, several students have availed themselves of the opportunity of learning to swim under Miss Hull, who is training the beginners, while others have been perfecting their strokes in classes which Miss Gladys Thorpe is supervising.

STOCK MARKETS — FINANCIAL NEWS — GRAIN MARKETS

TO-DAY'S GRAIN MARKETS

(By Branson, Brown & Co. Ltd.)

Winnipeg, Aug. 2—Wheat: Like on Wednesday, the wheat futures market was very dull to-day with a light, featureless trade passing, but at the same time there was an active demand for all grades of cash wheat, exporters and shippers again being in the market, and owing to offerings being very light, spreads were from ½ to 2 cents better than at the close yesterday. No. 3 Northern was trading at 8 cents under October, which is 1¾ better than two days ago, and the foreigner now appears to be taking this much despite grade, probably owing to the fact that other grades are pretty well cleaned up.

During the first period prices were run up about 1 cent, based on the cables which came considerably firmer than due. There was moderate buying by seaboard houses and a little short covering, but after this early demand was satisfied the market became quiet and most of the early advance was lost but still the market held firm with very little pressure in evidence.

Seaboard estimated wheat sales in all positions overnight around 2,000,000 bushels, largely Manitobas, but the bulk of this business was worked by the pool and was not reflected locally.

The weather in Western Canada has been mostly cloudy and cool with a few light scattered showers. The forecast is for mostly fine with a little higher temperature. Sanford Evans statistical service crop report this morning states that the good prospects for wheat, oats, barley and flax have been well maintained during the past week, that filling is taking a normal course and maturity approaching at a rate indicating that prctically all grains will be ready for the binder during the period August 10 to 27.

Rust is not now considered a major menace, and many of the early fields are turning color. Without serious loss from now on wheat production in Western Canada will exceed by a considerable margin the big crop of last year. It is now practically certain that the United States will have as much or a little more wheat than last year. We look for a steady market, for the time being but believe wheat can be sold on moderate upturns as they take place. Winnipeg futures closed ¾ to ⅞ higher.

Coarse Grains—Outside of a little export business in rye the coarse grain markets were very quiet. Prices were mostly a little firmer, largely in sympathy with the upturn in wheat, while at the same time offerings were very light, there being no pressure on the market. Look for firm markets until new crops begin to move which will bring in some hedging pressure. Coarse grains are considered too high in comparison with wheat. Oats closed ½ to ⅝ higher. Barley ¼ lower to ¼ higher, and rye 1¼ higher.

Flax—Ddisplayed a little firmer tone after the decline of the past few days but the trade volume was very small and crushers continue to show very little interest. Closing figures one cent higher.

(By B.C. Bond Corpn.)

Chicago, Aug. 2—Publication of the United States Department of Agriculture of the open interest in September corn has exposed the weakness of the position of shorts in that delivery and has been one influence in helping to bring about some correction of the over-sold condition. At the close of July nearly 39,000,000 bushels of corn was shown as the total open interest in September corn.

This is about equal, according to careful estimators, to the total amount of old corn in the states of Iowa and Illinois, outside of the city of Chicago. This open interest of necessity is very largely a speculative one and the selling has been in part no doubt induced by the present good prospects for new crop corn.

Wheat—With August 1 private estimates before the trade there appeared to be a somewhat improved feeling both at home and abroad. Overnight sales Canadian grain was heavy and it is suspected that Russia is again buying through ports other than her own.

With Russia an importer rather than an exporter, the increase in total North American supplies as compared with last year is at lowest in four years, has been the chief supporting influence recently but the time is nearing when fresh speculative support will be warranted and needed. Foreign buyers and millers seem to consider present prices very satisfactory and expect a good business year.

Liverpool wheat due ⅛ to ¼ lower in morning.

WHITNEY LETTER

(By Branson, Brown & Co. Ltd.)

New York, Aug. 2—Whitney of the Wall Street Financial Bureau says to-day:

"Professional selling. The sharp selling movement in the latter part of yesterday's session in no way changes the picture that the market has been giving us one which is finding that after a half-point advance from the low of two weeks ago and an approach to within four points of the best figures ever recorded, it is confronted with the necessity of consolidating a territory which in the normal sequence of technical performance is not the easiest one to hold. It is particularly noticeable that this raid differed little from many others of its kind in recent market history in that it occurred not only after a strong period of advance, which could well afford to absorb some recession, but was more particularly aimed at the stocks on same relative position. In other words, stocks which were put up and could stand it were the ones put down, with the usual result that the appearance of the recession was very much heightened and made to look much more severe in character than the actual condition displayed by the averages which showed a net advance in the industrials of ⅝ of a point on the day.

"When professional selling can accomplish nothing more than taking stocks that have just made new highs for themselves and pushing them back into prices which represented their high points of only two or three days ago, that selling manoeuvre is directed at the essentially strong stocks instead of those of essential weakness and to that extent is foredoomed to create only a temporary effect, if in fact, it is not designed primarily as a means of facilitating covering operations in other sections of the list, where the short position is becoming admittedly a hard one to maintain.

"I expect some natural carryover of this morning and while the market the selling move into the first hour may not start an immediate advance until brokers' loans figures are out of the way to-night, I believe that the low prices of the day and for the week-end will be seen in that first hour, which should be used for purchases of the issues in which we are interested."

COMMENT

"American Can is finding considerable stock to take back at its old high, but the important point is that it is taking it, and once through will have a clear field in which to work, with the result that an advance will much more easily be accomplished from then on. Atlantic Refining, as the rightful oil leader, has needed only one condition to make a spectacular move possible, namely, a little support from the balance of the group. It has begun to get this and I believe its possibilities are now limited only by a price close to 200. Preliminary earnings for six months have fulfilled the first part of the prediction made there when the stock was twenty points cheaper, that the first half would show $9 and the year $20. Continue to purchase Mathieson Alkali, Kennecott, Texas Corporation, Allied Chemical, Union Carbide and General Railway Signal."

BOND MARKET DULL TO-DAY

New York, Aug. 2.—The bond market was dull and irregular to-day. The credit situation eased slightly, call money renewing at 7 per cent, a half-point below yesterday's rate, but traders were hesitant, pending the weekly announcement of brokers' loans.

Interest remained largely in the rail group, of which St. Paul fives were a feature.

Oils continued strong on favorable trade developments, Dodge Brothers 6s found continued demand based on the Chrysler range. Steels showed some strength under the leadership of Youngstown Sheet and Tube. U.S. Rubber 5s were also in demand. Andes Copper 7s were under pressure. Utilities were inclined to heaviness.

The foreign list was steady.

Wall Street To-day

(By B.C. Bond Corporation's Leased Wire)

New York, Aug. 2.—The evening edition of The Wall Street Journal says: Call money remained at 7 per cent all day. It was in good supply at that figure, but did not give indications of definite easing. It is likely that many traders expected money to be available below 7 per cent to-day, and the continuance of the relatively high rate, coupled with some uneasiness over the possibility of action of the New York banks toward loans in the call market by corporations and others, caused scattered selling, and also what appeared to be concentrated drives. Most of the selling converged upon the industrials which have been in the limelight recently, notably Montgomery Ward, Sears Roebuck, Can and General Motors. In the afternoon heavy buying came into Victor Talking Machine, a company whose earnings for the current half of this year are said to be promising.

Underwood Elliott Fisher was another special in which special buying made its appearance, and there was an active demand for American Ice. Texas Corporation stood out in the oil group, with the stock taken in large volume during the last hour. The close was quite irregular, with the usual shiftings in positions inspired by the expectation of the weekly brokers' loans reports.

Brokers' loans for the week increased $75,477,000.

New York Federal Reserve Bank rediscount remained unchanged at 5 per cent.

N.Y. Market Gossip

(By Quadra Investment Corporation)

New York, Aug. 2.—Coca-Cola had a very successful second quarter this year, the net after all charges, but before federal taxes, equalling $3.13 per share as against $3.04 per share for the corresponding period a year ago. The outlook for the second half is favorable, and the establishment of a new high record of earnings is anticipated.

Vivadou—Comparative weakness in Vivadou during recent months is explained by the fact that earnings have fallen off sharply. While a decline was expected, due to a change in sales policy, the decline was much more than had been anticipated. Formerly Vivadou's output was distributed through jobbers, but now sales are made directly to retailers. This change in sales policy has required a very large addition to the company's sales force and has incurred unusual expenditures by more than 100 per cent. All of this, however, will in time be offset by a better profit margin. The plan now being carried through is a constructive one, but time is required before its effect is reflected in net profits.

Montreal Stocks

(By B.C. Bond Corporation's Direct Wire)

Montreal, Aug. 2—Selling pressure was in evidence throughout the entire forenoon session of the Montreal Stock Exchange to-day, and all departments of the list registered declines of more or less serious proportions. Some of the active leaders reflected fairly good support and yielded slowly to the downward trend, but in other cases reactions were rather pronounced.

The situation was considerably unsettled by the heavy liquidation that took place in Lyall Construction, following news of the serious disaster in Welland Canal construction job. For a time the stock held fairly well, only a few points below its previous close, but a rush of selling orders resulting from the impairment of weak accounts brought the price down precipitately to a close of fifty for a net loss of 13 points.

The two leaders, Brazilian and International Nickel made possibly the best showing of the session. Brazilian was accumulated on a graded decline from 54 at the opening to 53, its close, down ⅜ while Nickel after holding around 98, slipped off to 97, a decline of 1 point.

Power stocks gave way under the wave of liquidation, Power Corporation being most conspicuous with a loss of 3 points to 68. Montreal Power dropped 2 points to 104. Shawinigan fell back 1⅞ points to 88½ and Quebec Power weakened ½ to 84. Fraser led the reaction in the papers, with a loss of 3 points to 55, while Abitibi maintained a firm tone, showing a fractional gain at 49¼. The preferred, however, was off a point to 90. Dominion Bridge sold off a point to 80 and Steel of Canada was down 1½ at 183.

DOLLAR LINE TO BID FOR LINERS

Stanley Dollar Makes Announcement Regarding Sale of U.S. Ships

San Francisco, Aug. 2—R. Stanley Dollar, vice-president and general manager of the Dollar Line, returned to his office here yesterday from his vacation, bringing the announcement that plans for new ships for the line to replace the present tonnage of the fleet are rapidly being brought to completion. He revealed that the Dollar Line has placed bids for three mail contracts. The contracts are for carrying mail from San Francisco to Colombo. Dollar also said that his company was in the market for either the liner President Roosevelt, or the President Harding, now operated by the United States Lines out of New York.

The N.Y.K. liner Korea Maru sailed from here to-day with 325 passengers. Included in this list was Dr. Whiting S. Worden, the first foreigner to be granted a license to practice medicine in Japan. He is returning to his home in Japan where he first went in 1886. For twenty years Worden was medical inspector for the United States consulate at Yokohama.

REFLOATS YACHT OAXACA FROM BED OF BOULDERS THIS MORNING

SS. SALVAGE KING

of the Pacific Salvage Company, which succeeded in floating the stranded pleasure yacht Oaxaca from the bed of boulders on which she ran aground in Wrangell Narrows on Friday, July 13. The King will tow the Oaxaca south to Vancouver or Seattle and should reach Ketchikan this evening, according to a telegram received this morning by A. C. Burdick, managing director of the Salvage Company, from the captain of the vessel. The King left Victoria the day after the grounding and has been standing by ever since waiting for a convenient tide before commencing final salvage operations. In the meantime large holes in the sides of the vessel had been repaired and this morning at 1 o'clock the craft was afloat again. The party of fifteen Californians who were guests on the yacht at the time of the grounding departed for their homes in the South several weeks ago, but G. Allan Hancock, wealthy owner of the vessel, his pilot and crew stayed with the ship and will return South on the Salvage King. Both vessels should reach Vancouver by Sunday evening.

Tokiwa Maru Will Arrive From Far East on August 12

With a capacity cargo, including thirty-four tons of general, ten bales of raw silk and twelve cases of silk good for Victoria, the Nippon Yusen Kaisha liner Tokiwa Maru sailed from Yokohama on July 29, according to word received in the city this morning by A. H. Hebb, local agent. The Tokiwa is due to arrive at William Head quarantine station early on the morning of August 12, and will dock at the Rithet piers.

The Canadian National freighter Canadian Coaster docked at the Ogden Point piers this morning at 8 o'clock from San Diego with sixty tons of California freight for this port. She left for Vancouver at 10 o'clock.

"Was it your craving for drink that brought you here?" asked the welfare worker, during a visit to a prison.

The man glared at her.

"Do I look," said he, "the sort of bloke that'd mistake this kind of place for a pub?"

EMMA TO DOCK AT 11 O'CLOCK

Wireless advices at noon to-day from the commander of the Pacific Steamship Company's vessel Emma Alexander to W. M. Allan, local agent for the company, state that the liner will dock at the Rithet piers this evening at 11 o'clock. Head winds at the entrance to the Strait are delaying the vessel slightly and it will be this hour before she berths. For Victoria there are eighty passengers.

Russia Will Sail For Orient To-night

With 400 passengers in all classes and a capacity cargo filling her holds, the Canadian Pacific liner Empress of Russia will sail for the Orient and the Philippines from the Rithet piers at this port this evening about 7 o'clock. The big white liner left Vancouver today at noon, and arrived here at 5 o'clock. After taking on local passengers, cargo and mail, she will put to sea en route to Yokohama, her first port of call on the other side of the Pacific about 7 o'clock.

Inbound from the Orient with 600 passengers, the Empress of Asia, of the same line, will arrive at William Head quarantine station Saturday morning at 4 o'clock, according to latest advices received by the commander of the liner at the local offices of the Canadian Pacific Railway Company. This should bring her to the Rithet piers by about 6.30 o'clock.

SEATTLE SHIPPING

Seattle, Aug. 2.—Chartering of four Kokusai line bottoms for August or September loading in the Pacific Northwest was announced here to-day. The four steamships are: The Rozan Maru, taken by the American Trading Company to lift lumber at Humboldt Bay and Grays Harbor for Melbourne in September, and three grain charters from the Columbia River or Puget Sound, in either August or September; the England Maru taken by the Continental Grain Company for Italy; the Hotku Maru taken by Kerr Gifford and Company for the United Kingdom or continent, and the France Maru taken by Edward L. Eyre and Company for the same range.

The Norwegian motorship Grosholm is due in Seattle August 8 from Kamchatka with the season's pack of mild cured salmon of the Siberian Fish and Cold Storage Company.

Fishermen brought 1,576,300 pounds of halibut to Seattle during July, which sold for $175,917, the Fishing Vessel Owners' Association reported.

NEW COMMODORE OF CUNARD LINE

SIR ARTHUR ROSTRON

who was recently appointed commodore of the Cunard Steamship Line to succeed the late Sir James T. W. Charles, skipper of the Aquitania and commodore of the line for many years, who died on July 15. The new commodore is well known both on this continent and in Europe for his long association with the Cunard Line, which he joined more than twenty years ago. Capt. Rostron received the congressional medal of the United States and a signed letter of appreciation from former President William Howard Taft for his rescue work when in command of the Carpathia at the time the Titanic was sunk by an iceberg. He was at one time commander of the Mauretania.

Marine Notes

With nearly 500 Victorians aboard the C.P.R. coast flyer Princess Patricia left Victoria this morning at 8.30 o'clock for an excursion trip to Vancouver. The time used is Pacific standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, measured from the average level of lower low water.

To find the depth of water on the sill of the Esquimalt drydock at any tide, add 18.9 feet to the height of high water as above given.

To find the depth of water on the sill of the Songhees drydock add 30 feet to the height of high water as above given.

NEA SERVICE

By Hugh Pendexter

AUTHOR OF "KINGS OF THE MISSOURI," "BY GRAPEL," "A VIRGINIA SCOUT"

COPYRIGHT BY HUGH PENDEXTER-1923-1925.

And he snatched a fold of the blanket away and revealed to our horrified gaze the body of a dead Huma woman. And what was more terrible she had died by violence and her two arms had been cut off below the elbow. We were stupefied by the fearful exhibit; then with the hiss of a thousand serpents came the breath of the Humas. Damoan had opened a smaller parcel and was exposing the two severed members of the poor creature, still decorated with their bracelets of brass.

"You frog-eating fool!" madly shrieked Six Fingers at Damoan. "They are gold and you could have had half if you'd kept your meat-trap shut!"

His outburst broke the spell. With insane howls of the Humas crowded in from all sides. I leaped toward the point I had selected when the circle first formed, and bowled over two men and was running toward my cabin, where I had left my musket. With the squeal of a cornered rat the murderer attempted to follow me; and he must have used his knife to some profit, for I heard a death howl. Damoan was yelling for his Choctaws to chase me, but the bulk of them were back at the exit, an the others were tardy in taking up the pursuit.

As for the Humas, they paused to tie Six Fingers's hands behind his back. By the time they were pounding after me I had secured my musket and was at the patch of vines behind the girl's cabin. While the entire mass of infuriated savages were sweeping down on my cabin I risked calling the girl's name. The silence and the failure of Labrador to make an appearance satisfied me they were well on their way to the river. I cautiously worked in behind the vines and found the hole, scarcely large enough for my bulk to pass through.

Thrursting my feet through I was clear except my shoulders when the wild mob passed the cabin and surrounded the one I occupied. The women had snatched burning brands from the fires, and these illuminated the scene. Through the mesh of vines I saw Six Fingers being dragged between two warriors; and as the savages came to a halt I heard him scream:

"Good lack! This will be death!"

Pirate and murderer that he was I could not help the wish that he might find a quick death, rather than to roast slowly on the bed of torture. Utterly bad as he was, he was born an Englishman, and if it had not been for narrowing the girl's chances of escape I should have been tempted to shoot him because once he had been an English lad.

The chief's grandson, bolder than the others, ran forward with an ax and torch and thrust his head inside the cabin. Turning back he shouted that I was gone. Almost the same moment Damoan ran into the cabin in front of me and yelled to the red men that Labrador and the woman were gone. When he appeared in the torch-light he was insane with rage, and catching a glimpse of Six Fingers' writhing figure he screeched like a panther and fell upon him as if intending to tear him to pieces with his bare hands.

'I can tell their plans!" screamed Six Fingers in English as Damoan's fingers began ripping his face.

"Tell them! Tell them! Or I'll pick you joint from joint!" howled Damoan, bending over the craven, his outstretched hands hooked like claws.

"Save me! Save me!" gasped Six Fingers. "Take me with you. I'll lead you to them!"

"Speak!" yelled Damoan, hunching his shoulders and wriggling his long fingers before the murderer's bleeding face.

"They planned for Labrador and the woman to get away while we was eating!" panted Six Fingers. "They planned—"

"But now it was purely a question of the girl's safety and not of this snake's suffering; and I fired an ounce ball through his wicked skull, and slipped through the hole and away into the black forest.

CHAPTER XII

I led the chase that night toward the east; and so long as I traveled in that direction I took pains occasionally to betray my position. This procedure gave the girl and Labrador more time to escape, for I knew Damoan would bend every endeavor to overtake me. Toward morning I swung back in a wide circle, planning to strike the Missouri near the Tunica village at the upper end of the Portage of the Cross. There I was sure to find a canoe in which to push on after my friends.

That night I skirted the Tunica village and stole some corn from an outlying village and was fortunate enough to find a small canoe containing a fish net made of lindenbark fibre and some lines equipped with hooks and fishbone. I made excellent progress that night, nor did I observe anything to indicate my foes had discovered my

It was not until I reached the cliffs of Natchez and was reconnoitering the mouth of Little River that I made two important discoveries—one brought great joy, the other impelled me to paddle with desperate haste into the tributary. Ahead of me, some distance up Little River, was a pirogue containing two persons. One of the couple looked like a boy and was not using a paddle. In the next moment I had glimpsed a long pirogue turning a bend of the big river below me. It held at least a dozen Indians and their six-foot paddles were flashing rapidly. I did not believe I had been seen as I was disappearing into the tributary when the strange craft shoved its nose around the bend.

The canoe ahead now discovered me and the slim figure vanished by dropping flat and the other abandoned the paddle to pick up a musket. I waved my cap and Labrador turned about and began paddling to meet me. I violently gestured for him to go back, and in pantomime announced the peril behind me. As he swung his pirogue about to head up-stream again he must have told the girl, for she reappeared and stretched out both hands to me.

We were within three miles of White Apple, the principal town of the Natchez, which in turn was within three miles of Fort Rosalie. Let us but get inside the village, and I would have no fear of either the French at the fort, or of Damoan and the Choctaws pursuing me. The Natchez were on the eve of war with the French. They were a very haughty people, there would be no subtle evasion of their laws to please Bienville even if the red warriors post did not stand between them. The three of us would have full measure of protection from the Great Sun and his brother and war chief, Tattooed Serpent. So my heart was light when I drew up alongside Labrador's pirogue and was greeted by his amiable grin and a tremulous handclasp from the girl.

They noticed the absence of Six Fingers and both began asking questions.

"He was shot and killed while escaping from the village," I said. "If he had obeyed orders he could have escaped with me."

The girl's face was sober at hearing such violent news, and yet I fancied there was relief in her bearing. We dragged the canoes under some bushes, and, being in familiar country, took the shortest cut to White Apple—sometimes called White Earth.

When we had all but come to the village we heard a peculiar howl, which startled Labrador and me, because we knew what it meant, and which frightened the girl because she could imagine it to mean almost anything unwholesome. I motioned Labrador to make a detour, but before we knew it we were through the bushes and in an opening close to the village, and the girl was staring with wild eyes at the strang scene. Some of the Natchez were rehearsing for a funeral ceremony. I whispered as much to her, and she became quiet and curiously watched the peculiar proceedings.

There were five victims, three women and two men, and forty executioners, the grim office being eagerly sought because it ennobled. All the executioners had their hands painted red and had red feathers thrust through the long braids of hair hanging down the left side of the head. The five victims had their hair painted red. The girl saw no significance in the red hands, the red hair, the rope and red ax, but the gestures of the man with the weapon frightened her.

"It is all make-believe," I whispered, trying to hurry her on. "We will go to the village. If Damoan did not see me enter the river he will learn from the fort that none of us have passed."

So we walked toward the village, and, the rehearsal being finished, the Natchez came after us. But such was their courtesy that they would not pass us; and those who desired to reach the village quickly swung far to one side, as if taking an entirely different course.

Labrador was frowning heavily and in Choctaw said:

"Friend, there was no word-bearer, nor any medicine man among those to be sacrificed. The dead must be a woman. The three old women were her kinswomen. The two men were her servants. If it was La Glorieus there would be many more servants."

He named a woman of noble rank, called "The Prucd" by the French because of her aristocratic bearing her contempt for commoners, and her ignorement of any Frenchman unless he possessed rank. It was known that Tattooed Serpent was enamored of her, but both being nobles, marriage between them was impossible. No; the funeral procession was scarcely worthy of a woman who enjoyed the favor of Olabalkebiche, head war chief, as well as a brother of the Great Sun.

"It is not La Glorieuse," I said.

Labrador sighed.

"Ah, that grande dame! Why couldn't it be her!"

"That is queer talk," I rebuked. "How has the Proud One ever harmed you?"

BEDTIME STORY

Uncle Wiggily and the Foolish Fox

Copyright, 1928, by McClure Newspaper Syndicate

By HOWARD R. GARIS

"Ha! Ha! Ha!" laughed the Fox as he sat in front of his den in the woods. "Ha! Ha! Ha!"

"What are you laughing at?" asked his wife, who was doing the washing, using a hollow stump for a tub and some rough pine tree cones to rub on the clothes to get the dirt out. Mrs. Fox had no washboard so she had to use the cones.

"I am laughing," barked the Fox, "because I just thought of a good trick to play on Uncle Wiggily. Ha! Ha!"

"Oh, you're always thinking of tricks to play on that rabbit!" grumbled Mrs. Fox as she dropped some blue stones in the hollow stump tub to make rinsing water. "The trouble is none of your tricks come out right. Uncle Wiggily always gets the better of you."

"He isn't going to this time," chuckled the Fox. "Look here! Do you see that?" and he pointed to something round and white growing in a grassy place not far from his den. "Do you see that round, white golf ball?"

"Yes, I see it," said Mrs. Fox. "What of it? Golf balls are no treat to me."

The rabbit gentleman found it.

"With that golf ball I am going to play a trick on Uncle Wiggily," growled the Fox. "Yesterday he banged my friend the Bob Cat with a golf ball. To-day I am going to bang Uncle Wiggily with that golf ball."

"How are you?" asked Mrs. Fox, hanging a sheet out to dry on a piece of wild grapevine she used for a line

"I am going to write Uncle Wiggily a letter," explained the Fox, "and tell him if he will come here to the woods he can find a fine, new, white golf ball. When he comes to get it I will be hiding near it behind a bush. As soon as Uncle Wiggily gets near enough I'll rush out and bang that golf ball with a club. The ball will fly through the air, hit Uncle Wiggily on his pink nose and he will be so surprised that it will be easy for me to nibble his ears. Isn't that a good trick?"

"It will be if it works," said Mrs. Fox. "But Uncle Wiggily will never come to the woods if he gets a letter from you telling him to. He will know it is a trick."

"Ah! But he won't know that the letter is from me!" chuckled the Fox. "I will sign Baby Bunty's name on it and fool him."

So the foolish Fox wrote the letter with Baby Bunty's name on it and dropped it near Uncle Wiggily's hollow stump bungalow. There the rabbit gentleman found it and read what was written.

"Well, that is very kind of Baby Bunty," said Mr. Longears. "I would like to get a nice new golf ball. I'll go where she says it is and pick it up. Then I'll play about nine holes."

So Uncle Wiggily hopped to the woods where the letter said the golf ball could be found. The Fuzzy Fox was waiting with a club behind some bushes. As soon as he saw Uncle Wiggily hopping along the Fox jumped out and aimed a hard blow at what he thought was the round, white golf ball lying on the ground.

Now, if it had been a golf ball it would have hit Uncle Wiggily on the nose. But it wasn't a golf ball. It was just a round, white mushroom that looked like a golf ball. And when the foolish Fox hit the mushroom with his club, the soft white ball flew all to pieces like a soap bubble and only a little dust, that didn't hurt him, sprinkled on the rabbit gentleman.

"Ho! This must be a trick!" cried Mr. Longears when he saw the Fox hit the mushroom which the Bad Chap thought was a golf ball. "I had better run!" So the bunny uncle hopped away before the Fox could get him. And the Bad Chap growled:

"Fooled again!"

"I told you so!" chuckled his wife, who was doing the ironing. "I told you so!"

Well, that's that! And if the sandpaper doesn't talk roughly to the bottle of ink and make the pen laugh, I'll tell you next about Uncle Wiggily and Pipple's party.

PLAN FAILS AND SUIT FOLLOWS

New York, Aug. 2.—A new action by three prominent Britons to recover damages as a result of the collapse of the Floranda Club, a Florida social colony and real estate project, was disclosed in the Supreme Court of New York State when the defendants in the suit sought a change of venue to New York County.

The project failed for more than $6,000,000 in 1926. The idea was to build a city, residents of which were to be selected from United States and British lists and permitted to buy land only on invitation.

In the new action, General Sir John Maxwell, who was a commander of the British forces in the Near East during the World War; Hon. Mrs. Florence M. Barry of London, and Wilfred Fitzgerald, London social leader, are seeking to recover $15,000 from Bernard E. Pollak of New York and James H. R. Cromwell of Rye, N.Y., son of a former marriage of Mrs. E. T. Stotesbury, Philadelphia social leader.

The plaintiffs charge they were defrauded by misrepresentations, which they say reached them through the Earl of Lauderdale. The Countess of Lauderdale and her son, Lord Thirlstane, were listed as directors of the American-British Improvement Corporation.

BEAM WIRELESS SHOWS PROFITS

London, Aug. 2.—Questioned in the House of Commons yesterday afternoon concerning the annual receipts of the beam wireless Empire services, Sir William Thomson, Postmaster-General, stated the combined services from Great Britain to Canada, Australia, South Africa and India had not been all working for a full year.

Based on the current earnings, the gross receipts of the British Postoffice fgrom these services, which it operates, could be reckoned as 2,350,000 annually and a profit before charging depreciation or interest on capital of about $1,060,000 annually might be expected, he said.

TWO SENT TO PENITENTIARY

Montreal, Aug. 2.—Two men sentenced to twelve months in the Montreal jail for burglary complained bitterly that they were not being sent to St. Vincent de Paul Penitentiary for two years instead. "You're right. Perhaps it would be better for you," decided Judge Monet, changing the sentences to please the prisoners. The men were Joseph Picard and Alscande Mangette.

SKYSCRAPER TO CRADLE CHURCH

New York, Aug. 2.—Tentative plans for a skyscraper to be erected above the historic old John Street Methodist Episcopal Church here, known as the "Cradle of Methodism" in this country, have been announced by Carl H. Fowler, lawyer, who is secretary of the board of trustees of the church. Mr. Fowler said several preliminary sketches had been made of a thirty-story skyscraper that would use the old church as its base.

"Engineers have assured us the plan of cradling the church in a skyscraper is feasible," Mr. Fowler said. "Under no circumstances would we consider tearing down the famous old building. We merely wish to utilize the valuable site. We have other far-reaching plans in connection with Methodist property in the city. The national offices of various executive divisions of the Methodist Church may be sold. In that event the executive offices will be moved to the projected skyscraper."

Mr. Fowler declined to reveal how the new building would be financed, but declared there would be no public campaign for funds.

Rev. Francis Bourne Upham, pastor of the church, said plans for building a tall structure on top of the church had been discussed for the last twelve years, but the plan was much nearer realization now because the trustees "had definite ideas for financing the undertaking."

He, too, said the trustees would not consider tearing down the church.

"We hold services in the church at noon every day that are attended by nearly 100,000 persons during the year," Dr. Upham said. "The church is a shrine for thousands of Methodists from all parts of the country, who revere it as the first Methodist church in the country."

The John Street Church is a brownstone structure with a frontage of 42.6 feet on John Street, between Nassau and William Streets, and a depth of 84.6 feet. It was built in 1841, and was the third church on the site. The first church, in which Francis Asbury, pioneer bishop of the American Methodist Church, preached his first sermon, was erected in 1768. It was replaced by a larger church in 1818.

More than fifty years ago the church was taken over by the General Conference of the Methodist Episcopal Church of the United States.

YOUTH LOSES LIFE

Vancouver, Aug. 2.—Word was received here yesterday that John C. Packham, son of C. J. Packham of Vancouver, had been killed in an accident at Britannia Mines, B.C. He had left Vancouver a week ago with friends, undergraduates of the University. Young Packham was an employee of the Royal Bank of Canada. The father is president of C. J. Packham & Son Limited, shoe merchants, 1087 Granville Street.

The palatable way to take Yeast

Soak a cake of Royal Yeast with a little sugar in a quarter of a glass of tepid water over night. Stir well, strain and drink the liquid. Many people prefer to take it in orange juice.

Crews Blamed For Train Collision

San Francisco, Aug. 2.—Responsibility for the rear-end collision at Cortena, Cal., last Sunday, between the Cascade Limited of the Southern Pacific and a special train bearing members of the American Bar Association was placed on the train crews by a railroad board of inquiry, which concluded its hearing yesterday.

The collision was caused by failure of the engineer, flagman and conductor of the special property to protect their train, the board declared, naming the engineer and fireman of the Cascade as sharing joint responsibility.

DAIRY CATTLE

Cattle are divided into beef and dairy breeds. Guernseys and Jerseys come from the islands of the same names, in the English Channel, between England and France, and now are generally raised everywhere. Their milk is very rich. A Guernsey cow is pictured above.

By NEA, Through Special Permission of the Publishers of The Book of Knowledge, Copyright, 1923-28.

Here the artist has sketched the head of a Guernsey bull. Notice the short horns and powerful neck.

Holsteins or Holstein-Friesians originated in the Netherlands. Here is sketched the head of a Holstein bull.

A Jersey cow and the head of a Jersey bull are shown above. Jerseys are favorite dairy cows, and their milk is used widely for babies. They are tan and white in coloring, while the Holstein is black and white.

FRIDAY, AUGUST 3, 1928

Friendly stars rule to-day, according to astrology, which appears to indicate much good luck, for benefic aspects predominate.

Men should be on their guard under this planetary direction, which may inspire girls to take the initiative in seeking life partners.

All the domestic arts are supposed to benefit while this sway prevails, and for this reason entertaining is supposed to be easy while this configuration continues.

This should be a lucky day for love-making. Wooers are supposed to be encouraged by the positing of the stars, which affects both sexes.

This should be a favorable day for women who desire to look after the affairs of their households.

There is a promising sway for agriculture, and they who till the earth may expect adequate return for their labors.

It is read as an auspicious date for investing in real estate or for making any new business venture that appears to be sound in foundation.

The sway which encourages organization in business and politics also will affect the criminal classes and increase their power to harm, the seers prophesy.

Children born on this day may prefer the pursuit of an art rather than search for wealth. They are idealists and may attain fame in an intellectual or artistic field. They are governed by the sun. Their astral colors are red and green.

Persons whose birthdate it is may expect an interesting year. These Leo subjects are usually good executives, and are fond of planning work for other persons.

QUEBEC NOW UNDER TAX REGULATION

B.C. Extends Cancellation of Dual Death Duties to French Province

All Canada, including Quebec, will be brought under the new arrangement by which British Columbia will cease to levy dual succession duties, it was announced at the Parliament Buildings to-day.

Quebec, at first excluded from the new scheme, has been brought under it as a result of orders-in-council approved this week.

Whether Quebec will reciprocate by ceasing to levy dual duties is not known definitely yet, but it is expected all other provinces will do so shortly, following Ontario's lead.

Under the new regulations, the British Columbia Government will tax only property held in this Province. If a British Columbian dies leaving an estate in any other part of Canada, this Province will not tax the property. In the same way, other provinces are expected to cease levying succession duties on any property held here by their residents.

CLIP THIS, PASTE IT IN YOUR DERBY AND BE FOREVER COOL

This is not, as might be supposed, a record of the delirium of a rabid office worker these palpitatingly tepid afternoons. It's just a little group of photographs we took last Winter and saved in the hope they'd be of further use. Clip out the pictures, paste them in your hat and when your collar begins to get dropsy take off your hat and look hard at these. You think you're in Helsingfors or some place and enjoy a delicious chill.

AIR FORCE BAND HERE TUESDAY

His Majesty's Royal Air Force Band will be in the city on August 7. The management of the arena, learning that there were a few open dates outside of the larger exhibitions which joined hands in bringing the band over, got in touch with the management and arranged that this city be included in the tour.

The Air Force Band is considered in Great Britain to be the finest musical organization in the British Empire. It is this that led the Canadian Exhibition to engage the band for a Canadian tour. Special permission was obtained from the British Government by the Canadian Government, and the band comes only after much negotiation and the assurance of a large guarantee.

Flight Lieut. Amers, musical director, has shown remarkable cleverness in selecting a programme of such variety that it appeals both to the lover of classical music and to those fond of the popular type. At the same time it is all good music.

There will be two concerts here Tuesday next at 3 p.m. and 8.30 p.m. at the Arena.

FOREST FIRES AT ALBERNI CHECKED

Alberni, Aug. 2—After burning over a considerable area of slashing of the Alberni Pacific Lumber Company, a fire near the Port Alberni-Parksville branch of the E. and N. Railway has been checked by a railway gang directed by J. D. Fraser, superintendent of the line, and local fire wardens. The fire spread to both sides of the track between Bainbridge and the Summit, but no live timber was damaged. Two small fires along the E. and N. at other points were checked before they had time to spread.

Sooke

Sooke, Aug. 2—A week-end softball game was played in the field of W. Charters, Sooke, against Victoria, both being scratch teams. As the men were out of practice and the evening warm, it was a good deal more strenuous than scientific. Notwithstanding, both players and onlookers enjoyed it. When the game was over they all repaired to Whiffen Spit for a "hot dog" party, singing and roasting it in sausages on sharp sticks round the driftwood fire.

Holy Trinity Church Women's Guild will hold a sale of work on Friday, August 3, at 8 p.m. There will be a variety of stalls and entertainment.

CORDOVA FIRE INQUIRY ENDS

The Provincial inquiry into the Cordova Bay fire of July 20 closed yesterday afternoon at Royal Oak Municipal Hall. Deputy Fire Marshal A. A. MacDonald stated that the report would be placed before the Attorney-General through Chief Fire Marshal J. A. Thomas.

At yesterday afternoon's session of the inquiry into the destruction of two Summer cottages at Cordova Bay, evidence was given by Mrs. Laura Gray and Mrs. C. C. John.

Sidney

Sidney, Aug. 1.—Wong Tom, a vegetable dealer of Henry Avenue, narrowly escaped death at the corner of Horth's Cross Road and the East Road. Wong was approaching the East Road with his delivery wagon when an auto truck coming behind frightened the horse, which made a dash for the fence, and in so doing the wagon wheel struck a post, causing the driver to be thrown between the horse and wagon, although the wagon was badly broken, Wong escaped with a few bruises and a strained arm.

AT THE THEATRES

HOOT GIBSON IN "THE FLYIN' COWBOY" IS AT COLUMBIA

Hoot Gibson, Universal's great cowboy star, comes here again in what is reported to be one of his greatest screen successes The picture, "The Flyin' Cowboy," is at the Columbia Theatre to-day.

Gibson is one of those rare screen players who has always been able to please the taste of moviegoers. Instead of his popularity growing less after several years of top-rating among film players, the cowboy is becoming more a favorite than ever.

"The Flyin' Cowboy" has a story that is different from those in most Western productions. The plot revolves about a dude ranch. Gibson experiences many thrilling adventures that are new to screen fans.

Reaves Eason, who directed Hoot in "Riding for Fame," "A Trick of Hearts" and others, wielded the megaphone on "The Flyin' Cowboy" This director is recognized for his ability in portraying exciting and pulse-quickening scenes involving difficult horsemanship.

NORMA TALMADGE APPEARS IN "KIKI" AT VARIETY TO-DAY

Scores of real French extras in "Kiki," the latest Norma Talmadge picture, now showing at the Variety Theatre, are wearing the original balloon trousers. They are the style affected by thousands of Paris working men, but, unlike the Oxford bags, the roomy leg coverings are drawn tight around the ankles.

The balloon pants were "made in Hollywood" from designs sketched by Jean Bertin, who was in charge of the French detail of Miss Talmadge's current release, a Clarence Brown production, which was produced by Joseph M. Schenck for First National. General Manager John W. Considine Jr. was in charge of the producing unit.

NEWSPAPER LIFE IS SHOWN IN PICTURE NOW AT PLAYHOUSE

News vendors of a large Los Angeles daily newspaper had the thrill of their lives during the filming of "The Big Noise," the current attraction at the Playhouse Theatre. Many of the scenes in the picture take place in the press room of a metropolitan newspaper, and when the cameras were set up, the newsboys were invited to do their stuff—and they did. "The Big Noise was directed for First National Pictures by Allan Dwan and features Chester Conklin, Alice White, Bodil Rosing, Sam Hardy and others.

CAPITOL FILM SHOWS LILYAN TASHMAN IN "HAPPINESS AHEAD"

Exemplifying the smart sophistication of her native New York, Lilyan Tashman's ultra-modern personality is valuable because it is entirely unaffected.

Miss Tashman, whose most recent appearance on the screen is in support of Colleen Moore in "Happiness Ahead," the current attraction at the Capitol Theatre, was born in New York and educated in private schools there and in Mt. Vernon. Her natural beauty and the fortunate possession of a pleasing contralto speaking voice were responsible for her participation in school theatricals, with the result that when she graduated she turned her attention to the stage.

In "Happiness Ahead," in which her husband, Edmund Lowe, plays the lead opposite Miss Moore, Lilyan Tashman gives an interesting characterization as a silken siren of the underworld. William A. Seiter directed this Edmund Goulding story from a scenario prepared by Benjamin Glazer, the cast including in addition Edythe Chapman, Charles Sellon, Arthur Housman, Robert Elliott, Carlos Duran and Diane Ellis.

On the stage at the Capitol for this week are Claire and Jimmy Mortell, singers and dancers, in another entirely new song and dance revue; Roberts and Stewart, two clever harmony singers, and Harry Smith, a real honest-to-goodness Irish comedian in an extremely funny skit, along with the Capitol Orchestra and Harold Bechtel, the singing M.C., complete this fine bill of specialties.

DIRECTOR AND STAR MAKE CHANEY FILM A GREAT TRIUMPH

It is hard to say whose is the triumph in this mighty new drama, "Laugh, Clown, Laugh," now playing at the Dominion Theatre. Is it Chaney's faultless acting, Brenon's artistic direction, or the poignant force of the mighty story that makes it something unlike any film drama in years?

Chaney, as the tragic clown, making his great sacrifice, at the close of the strange life of a mountebank clown, honored friend of kings and princes, has a character the gamut of which takes in every detail of human emotions. He is a comedian—and a great one, in some scenes; later, the most tragic figure the stage or screen has ever seen.

Loretta Young, Brenon's new "find," and the screen's new Cinderella, is a beautiful girl who can act, and Nils Asther gives a romantic and well-acted performance as Luigi, her lover. Bernard Siegel proves himself a masterly character actor as the foil for Chaney, and Cissy Fitz-Gerald as Giacinta contributes some well-balanced comedy.

"Laugh, Clown, Laugh" is one of the real triumphs of the screen.

AUSTEN'S VIEW IS NOT ACCEPTED BY CANADIAN CENSORS

Canada takes issue with Sir Austen Chamberlain.

And the film story of Edith Cavell is responsible.

Sir Austen refused to see this film, the title of which is "Dawn." He placed his official censure upon it unseen.

A private showing of the film was given by the producers to newspapermen in London.

They were amazed. They discovered that it was not only a cinema work of art, but that it actually depicted the Germans in a somewhat favorable light—that is to say, they possessed human qualities, and executed their grim tasks in a manner that showed them to be distasteful to the rank and file.

And so the press of England aligned itself against Sir Austen Chamberlain.

Now comes Canada with a definite O.K. on the film for, with the exception of one province, it has passed the censors.

The film is being brought to British Columbia and will have its premiere in the capital city. It will be screened twice daily at the Coliseum.
